

ESCAPEE GERMAN SAILOR IS CAPTURED

12,000 Germans Are Captured by French

SEVERAL VILLAGES TAKEN IN ADVANCE ALONG AISNE LINE

General Petain's Army Now Within Sight of Laon. Germans Abandon Guns in Their Retreat.

TEUTONS MAKE GAINS ON EAST OF ISONZO

Italians Claim Repulse of Attacks at Other Points. 10,000 Prisoners Captured, According to Berlin's Report.

New York, October 25.—(By Associated Press.) From European cables of the day. The French forces in the Aisne region continue to develop their success of Tuesday, when they made a rapid advance over a front of about six miles, capturing important German positions and thousands of prisoners. Following up minor successes Wednesday, the French again attacked Thursday along the entire line, forcing the Germans to abandon Monkey mountain, east of Vauxaillon, the village and forest of Pinon, the village of Fargny-Filain, on the extreme east of the line, and numerous fortified farms and other points of vantage. The latest drive of the French brings General Petain's army within sight of the important railway junction of Laon, the objective sought for, which now is a scant eight miles distant. Large quantities of war stores were abandoned by the enemy in their retreat, and additional guns and prisoners were captured. The number of prisoners taken since the drive began now exceeds 12,000, more than 200 of whom are officers. Two thousand of the prisoners were taken Thursday.

An indication of the rapidity with which the drive has been carried out is the total number of guns the Germans were forced to leave behind them. These amount to 120, among them several Howitzers, not to mention several hundred small caliber pieces, such as minenwerfer and machine guns.

BATTLE ON ISONZO GROWS IN INTENSITY

On the 25-mile front running from Monte Rombo to the Bainsizza plateau, the battle between the Austro-German forces and the Italians apparently is growing in intensity, with the Austro-Germans the aggressors, but with the Italians stubbornly resisting everywhere. Although the German war office asserts that gains have been made at various points along the line, the Italian official communication does not concede any losses except on the east bank of the Isonzo, south of Monte Rambo. To the contrary, this communication asserts that on the Bainsizza plateau, where the Germans had announced successes, and on the west of Monte San Gabriele enemy attacks were repulsed and that the Italians even took several hundred prisoners.

Not alone does the German war office

Wilson Indorses Suffrage As Immediate State Issue

Settlement of Question Demanded by Present War He Tells New York Suffragists—Praises Spirit and Capacity of Women in Nation's Crisis.

Washington, October 25.—President Wilson today gave full indorsement to woman suffrage as an immediate issue in every state.

Addressing a delegation of 100 leaders of the New York State Woman Suffrage party, who called at the white house to obtain an expression in support of the campaign in that state, the president, in emphatic terms, declared that woman suffrage is one of the fundamental questions of democracy, whose proper settlement is demanded by the issues of the war. He praised the spirit, capacity and vision of American women in the war.

"I believe," he said, "that just because we are quickened by the questions of this war, we ought to be quickened to give this question of woman suffrage our immediate consideration."

Speaking as "one of the spokesmen of a great party," the president pledged his hearty support, and added:

"I want to speak for myself and say that it seems to me that this is the time for the states of this union to take this action."

Explaining his leaning toward suffrage as a state rather than national issue, he said:

"Perhaps may be touched a little too much by the traditions of our politics—traditions which lay such questions almost entirely upon the states, but I want to see communities declare themselves quickened at this time and show the consequences of the quickening."

President's Address.
The address, delivered in the east room of the white house, in response

WAR DECLARATION EXPECTED IN BRAZIL

Parliament Will Vote on the Question Today—Step Cannot Be Avoided, Says President in Message.

Rio Janeiro, October 25.—Parliament will vote tomorrow on the question of authorizing the government to declare a state of war which Germany has imposed on Brazil. He proposes the seizure of a German warship now in the port of Bahia.

The majority leader of the chamber discussed the relations between Brazil and Germany and counseled the chamber to approve the presidential message.

The parliamentary diplomatic commission also discussed the subject, which it is considered probable the chamber will adopt.

The torpedoing of the Brazilian ship Macau is causing considerable concern. The Journal de Commercio says:

"Brazil does not look for war and does not want to see Germany driving us into the whirl. We shall go with the serenity of those for whom honor is above all."

According to the declarations of various members before the chamber of deputies, a declaration of war will be the only satisfactory solution and the diplomatic committee should not again come before the chamber without a declaration of war. Some of the members said there was not a single Brazilian who did not espouse the cause of the government.

Brazil revoked her decree of neutrality in the war between the entente allies and Germany last June. The Brazilian government had previously revoked its policy of aloofness so far as it affected hostilities between the United States and Germany. The trouble between Brazil and Germany reached a climax in April, when the Brazilian steamer Parana was torpedoed. The German minister received his passports, and anti-German riots broke out in several cities. A large number of German ships in Brazilian ports were seized.

GRAVES IN ATLANTA FOR LIBERTY BONDS

Colonel John Temple Graves, widely known journalist and orator, is a visitor in Atlanta after a tour of the federal district, speaking in behalf of the sale of the second issue of Liberty Bonds. During the last week or more Colonel Graves has spoken in New Orleans, Shreveport, Montgomery and other southern cities.

One of the first things Colonel Graves did upon his arrival in Atlanta was to subscribe for \$1,000 worth of Liberty bonds through a bank of this city.

to remarks by Mrs. Norman DeR. Whitehouse, was as follows:

"It is with great pleasure that I receive you. I esteem it a privilege to do so. I know the difficulties which you have been wading under in New York state so clearly set forth by Mrs. Whitehouse, but in my judgment those difficulties can not be used as an excuse by the leaders of any party or by the voters of any party for neglecting the question which you are presenting upon them. Because, after all, the whole world now is witnessing a struggle between two ideals of government. It is a struggle which goes deeper and touches more of the foundations of the organized life of men than any other struggle has ever taken place before, and no settlement of the questions that lie on the surface can satisfy a situation which requires that the questions that lie underneath and at the foundation should also be settled and settled right. I am free to say that I think the question of woman suffrage is one of those questions which lie at the foundation.

"The world has witnessed a slow political reconstruction and men have generally been obliged to be satisfied with the slowest of the process. In a sense it is wholesome that it should be slow, because then it is solid and sure; but I believe that this war is going to so quicken the convictions and the consciousness

MORE BANKS JOIN RESERVE SYSTEM

Three Large State Institutions Make Application, in Accordance With President Wilson's Request.

Three more large state banking institutions in the sixth federal reserve district have made application for membership in the federal reserve system, according to announcement Thursday by Chairman W. C. Wardlaw, of the directors of the Atlanta Federal Reserve bank. It was stated also that a number of other state banks are making inquiry concerning the membership of state banks in the system, and that there is a decided awakening of interest among state banks of the south in the federal reserve banking system.

The following are the new state banking institutions which have made application for membership:

The Savannah Bank and Trust company, of Savannah, Ga., an institution with a capital of \$500,000 and surplus of \$100,000.

W. F. McCauley is president and Courtney Thorpe is vice president.

The Brunswick Bank and Trust company, of Brunswick, Ga., capital, \$100,000, surplus, \$75,000. F. D. Aiken, president; George H. Smith, vice president.

The Marion Central bank, of Marion, Ala., capital, \$100,000, surplus, \$25,000. A. F. Armstrong, president; D. K. Mason, cashier.

LAST MAY BE FIRST, ACCORDING TO PLAN OF NEW LOTTERY

Washington, October 25.—New regulations for applying the new draft laws are virtually completed tonight at the office of the provost marshal general and probably will be submitted to approval. The president already has approved the general plan, under which the first draft class will be classified in five groups in accordance with their availability for military service.

Provost Marshal General Crowder tonight cleared up the question as to how the draft numbers now held by the nearly nine million unclassified registrants will be applied to the new classifications.

In each local district the key made up from the draft numbers in the order of their drawing will be applied to each class or group. In other words, the men of class one, in which will be placed those of the least value at home, and with the slightest obligations to dependents, will be called in the order of their serial numbers until that class is exhausted, just as though all other classes had been exhausted. When class one is exhausted, the next class will be applied to class two and so on down to class five, if it ever becomes necessary to carry it that far.

Thus, a man whose serial number in the great war army lottery had led him to believe that he would be among the last summoned, may be assigned to the first draft class and ordered into service with the first quota. On the other hand, another whose number assured him originally a place with the next increment may be so classified as to make it virtually certain he never will be called.

FINE RECORD MADE ON THE FIRST DAY OF BIG BOND DRIVE

More Than \$200,000 Is Raised Thursday, the Majority of This Amount Coming in Small Subscriptions.

ATLANTA BANKS TAKE \$3,000,000 IN BONDS

This Sum Is Additional to Large Subscriptions Already Made—Soldiers Are Doing Great Work.

LIBERTY BOND HIGH LIGHTS OF THURSDAY'S BIG DRIVE

Chairman W. C. Wardlaw, on Thursday night, stated that reports to the Liberty Loan executive committee indicated that—

The total subscription for the Sixth district is now between \$50,000,000 and \$60,000,000.

The total subscribed in the city of Atlanta is over \$6,000,000.

The total subscribed in Birmingham is over \$6,000,000.

The total subscribed in Nashville is over \$6,000,000.

Fifty responses to telegrams sent out by Governor Joseph A. McCord, of the Atlanta Federal Reserve bank, showed that small banks all over the district are rapidly subscribing from \$5,000 to \$75,000 each.

Chairman Wardlaw announced that—

The Third National bank on Thursday increased its subscription to \$1,500,000.

The Atlanta National bank increased its subscription to \$1,500,000.

The Fourth National bank increased its subscription to \$1,500,000.

The Lowry National bank increased its subscription to \$1,000,000.

The big personal drive of Thursday netted more than \$200,000.

The big Liberty bond drive of Thursday, the first of three days' intensive and personal canvassing by 500 salesmen, resulted in the sale of approximately \$200,000 worth of Liberty bonds, or perhaps a little more than this figure. Most of the subscriptions were in \$5 and \$100 denominations.

Chairman W. C. Wardlaw, of the Liberty Loan executive committee, last night estimated that Atlanta's total is over \$6,000,000, but does not yet reach Atlanta's minimum quota of something more than \$7,000,000.

"The drive will be continued until the very last minute Saturday," said Chairman Wardlaw, "and every effort will be made to bring Atlanta's total subscription well beyond her minimum. The co-operation of every citizen of Atlanta must be secured, and by co-operation and making the other fellow subscribe. Above all things, Atlanta must not fail in doing the share which the government has asked of her. And this is also true of the Sixth Federal Reserve district."

Estimate for District.

Chairman Wardlaw estimated that the total subscriptions for the district are now between \$50,000,000 and \$60,000,000. Washington dispatches place the district's total at \$50,000,000. The district's minimum allotment is \$50,000,000. Her maximum allotment is \$135,000,000.

Chairman Wardlaw announced also that four of Atlanta's national banks on Thursday stated that their first subscriptions to the second issue of Liberty bonds were nearly enough sold out to warrant increases in their subscriptions, and that their subscriptions were filed as follows:

The Third National bank, whose first subscription amounted to \$1,000,000, took \$500,000 more, bringing its total subscription to \$1,500,000.

The Atlanta National bank, whose

Loan Subscriptions Now Well on Way Toward Five Billions

AMERICAN STEAMER LIMPS INTO PORT AFTER 4-HOUR FIGHT

U. S. Torpedo Boat Catches Distress Signal and Arrives Just in Time to Save Ship From Being Sunk.

SHIP'S GUNS OUTRANGED BY THOSE OF SUBMARINE

U-Boat Fired 234 Shots and Finally Puts Steamer Out of Commission by Shell in Engine Room.

A French Seaport, October 24.—Escaping from a German submarine after a bitter fight lasting nearly four hours and with seven of her crew wounded, two of them seriously, an American steamer arrived here this morning from an American port. The timely intervention of an American torpedo boat alone saved the ship from being sent to the bottom.

A few hours after the vessel had entered the danger zone a lookout sighted a submarine on the port bow, but before he had time to report its presence the submarine fired a shot which missed the stern of the ship by only a few yards. The captain immediately sent out a wireless call for assistance, as the position of the submarine was such that escape was nearly impossible.

Shots Fell Short.

The gun crews of the submarine and the steamer then began to exchange shots. The chief gunner of the steamer opened fire at a range of 2,000 yards, but all the shots fell short. The submarine kept maneuvering to keep out of the range of the steamer's guns, at the same time maintaining a running fire in an effort to disable them. The merchant ship, after altering her course, started at full speed in an attempt to escape.

The stubbornness of the battle is indicated by the fact that the submarine fired 234 shots at the steamer, which responded with more than 260 shots.

After the fight had continued for about two hours and several shots had struck the ship, wounding four men, one shell hit the vessel and exploded in the engine room, putting the engines out of commission and rendering the ship helpless. The German commander then approached nearer and the submarine continued to rain shells upon the disabled craft. A high sea was running at the time and there seemed little hope of saving the ship, when a low streak of black smoke was sighted on the horizon. It later proved to be an American destroyer coming at full speed, running right into the sea and at times nearly disappearing from view.

The destroyer had heard the calls for aid and traveled at a speed as high as 30 knots to come to her assistance. She immediately made for the submarine, which dived and disappeared beneath the surface. The American warship circled about the spot, dropping a few depth charges, but no more signs of the U-boat were seen.

Submarine Ran Away.

While coming to the steamer's assistance the destroyer kept sending assuring messages such as "Hold on! Stick! We are coming!"

The steamer's wireless apparatus, however, had been disabled soon after the fight began and the messages never were received, so that the arrival of the American destroyer was quite unexpected. The submarine apparently was aware of the destroyer's presence because she submerged before the destroyer could get within range.

A doctor and two assistants boarded the merchantman and attended to the wounded. The engineers had great difficulty in repairing the steamer's engine and during the night the destroyer and the merchantman lost each other, but finally the steamer made port in safety.

The wounded were transferred to a hospital in this city. Two of them be-

With Relentless Campaign During Remaining Two Days, Treasury Officials Believe That Maximum Figure Will Be Reached.

"VICTORY IS IN SIGHT, BUT NOT YET ACHIEVED," DECLARES SEC. M'ADOO

Eight Districts Have Passed Minimum, While Atlanta and Three Others Are Said to Be Near the Minimum.

Washington, October 25.—Liberty Loan totals flashed past the \$3,000,000 mark today and headed for the \$5,000,000,000 maximum with every indication that by continuation of the relentless campaign the latter figure would be realized when the books close Saturday.

Although unofficial estimates from the twelve federal reserve districts do not total the figure, officials tonight expressed the conviction that subscriptions were past the \$5,000,000,000 mark.

"Victory for the second Liberty Loan is in sight," Secretary McAdoo announced tonight upon his return home from a transatlantic tour in behalf of the loan, "but it has not yet been achieved."

Compiled from estimates submitted by local committees and federal reserve bank headquarters, the total unofficial estimate of subscriptions, as announced tonight by the treasury, was \$2,200,000,000. This sum is regarded by many officials as ultra-conservative.

Increase of \$400,000,000.

Official reports of subscriptions turned in to the federal reserve banks increased approximately \$400,000,000 over night and totaled, with San Francisco's work of yesterday unrecorded, \$2,252,543,300. The total official returns and estimates follow:

District	Official	Estimated
Boston	\$3,000,000	\$3,000,000
New York	8,000,000	1,000,000,000
Philadelphia	63,000,000	300,000,000
Cleveland	224,170,000	300,000,000
Richmond	88,754,000	120,000,000
ATLANTA	16,615,000	60,000,000
Chicago	230,415,000	425,000,000
St. Louis	65,550,000	135,000,000
Indianapolis	80,850,000	100,000,000
Kansas City	25,024,000	100,000,000
Dallas	24,815,000	60,000,000
San Francisco	73,247,300	190,000,000

Totals\$2,252,543,300 \$3,200,000,000

"The returns which make this total of estimated subscriptions are unofficial and may be increased," the treasury department announced, "but the most diligent labor between now and Saturday night, the close of the drive, is necessary and is being urged upon all Liberty Loan committees throughout the country that a great oversubscription may be reported."

Vigorous Campaign Urged.

Secretary McAdoo, in a statement summarizing the results of his trip, urged the nation to continue without let-up the vigorous campaign in order to reach or exceed the \$5,000,000,000 desired.

"So far as America is concerned," Secretary McAdoo said, "the second great battle in our war with the Kaiser is represented by the second Liberty Loan. This battle will end within two days. Will it be a victory for freedom and democracy, or will it be a victory for the Kaiser and autocracy? It is for the American people to answer."

"For twenty-five days the patriotic army of Liberty Loan workers and loyal citizens of this great republic have been vigorously bombarding the strongholds of the American dollar. Every willing dollar has come forward and joined the ranks of the patriot. Let every reluctant dollar come forward and surrender before October 27."

"Now is the time to go over the top. If there are any trenches in the world, manned by the forces of indifference, greed, or treason they are backed by the Kaiser and his hosts of autocracy and militarism. We must smash these trenches in this Liberty Loan campaign and destroy all that is within them so that there may be no obstacle in the way of greater victories for succeeding Liberty Loans."

"America, it is within her power to win a swift and enduring victory, a victory which will open the way for the restoration of peace, the restoration of justice and liberty throughout the world. Victory for the second Liberty Loan is in sight, but it has not yet been achieved. Subscriptions can no longer be put off until tomorrow. In the remaining two days every citizen of America must join in a smashing drive to achieve the goal."

Soldiers Giving Money.

Mr. McAdoo said there was no

Continued on Page 3, Col. 2.

DRAGNET IS SPREAD FOR OTHER TEUTONS BY SECRET SERVICE

Officers Believe They Have Located Hiding Place of at Least Two More Germans Who Escaped From Camp.

TWO SUSPECTS REPORTED IN EAST POINT THURSDAY

Paul Falg Is Captured by C. H. Rose, a Soldier of the Seventeenth Regiment, and by S. O. Smith, a Civilian.

With the capture early last night of Paul Falg, one of the escaped German sailors from the prison camp at Fort McPherson, a cordon of secret service men, officers and policemen is drawing nearer to the hiding place of at least two more Teutons, one of whom is believed to be Captain Hans Berg, leader of the party. The capture of Falg bears out the belief of secret service men and officers at Fort McPherson that the escaped prisoners are still in hiding in Atlanta.

Falg was captured by C. H. Rose, a soldier of the 17th Infantry, and S. O. Smith, a civilian, in a small store on the Fulton Bag and Cotton Mills "lot." The neighborhood of Boulevard and Decatur street, east of Boulevard and north of Decatur, has been practically surrounded by searchers, including officers from Fort McPherson. A boarding house in this section, where two of the Germans were seen and where it was learned at a late hour that they had made arrangements to spend the night, is being closely watched.

MAY HAVE LEFT TOWN.

At the same time two more suspects were reported in East Point near the railroad tracks last night, but are believed to have made good their escape on board a freight train bound in the direction of Savannah. A citizen of East Point was accosted by one of these two men about 9 o'clock last night near the depot in East Point. The stranger spoke broken English.

"When I saw a train through here," one of the men asked the civilian. He was informed that a freight was due in a few minutes.

"Well, I want to go to Savannah—I live there," the stranger answered.

The conversation took place in the darkness, but the civilian had been walking toward a street light as he talked. The stranger followed. When they had come near the light, the stranger stopped and went no further. He was dressed in dungarees, the sailors' overalls, and had smeared soot over his face, in an effort to pass as a negro in the darkness.

Officer Ewing, of East Point, was notified at once and went to make an investigation, but could find no one. The freight had gone through before the officers arrived on the scene. The train dispatcher at East Point was requested by a secret service man to wire ahead of the train and have every car searched.

ALL TRAINS SEARCHED.

All trains leaving Atlanta subse-

Tank Heads Gotham's Parade; Planes Drop Liberty "Bombs"

New York, October 25.—Fifth avenue, through which many patriotic pageants have passed since the United States joined the entente allies in the war, was the scene today of another inspiring spectacle when 20,000 marchers paraded from Washington square to Central park in a demonstration designed to typify New York's enthusiasm for the Liberty Loan.

Headed by an armored "tank" fresh from the British fighting front and manned by the crew which had driven this latest engine of war over the battlefields of France, the parade marched to the sheep meadow in Central park, while airplanes hovering over the line of march dropped thousands of Liberty Loan "bombs."

The celebration reached a climax when the marchers joined the 20,000 spectators in the sheep meadow to

witness the re-christening of the German submarine UC-5 as the "U-Suy-a-Bond." After the standard of the German empire had been lowered from the wireless staff of the U-boat and the colors of Great Britain and America run up Secretary of the Navy Daniels delivered an address in which he referred to the country's naval activities: "Christening Every Day."

"We have re-christened this boat today," Mr. Daniels said, "but if I were to attend the christening of every ship the navy launches for the next year I would attend a christening every day. America is mobilized to strengthen the navy, our first arm of defense. We are now building as many destroyers as the facilities of our country will permit."

"The significance of this occasion is world-wide," he continued. "When

we saw the German flag come down from the submarine in its place was elevated the flag of independence and liberty, not only for America, but for the world.

"Some months ago the American people were gratified to read in the morning papers that a number of American destroyers had appeared 'over there.' It had not been announced, but the navy had seen that the best antidote to the submarine was the destroyer. When this company of brave sailors, manning these destroyers, arrived in the waters around England the British admiral, speaking to the commanding officer, said:

Answer Echoed Round World.

"How soon will you be ready?"

This answer echoed round the world.

"I dare say nobody expects sailors

understand what it is to tread the deck of a destroyer going at fast speed in the North sea. There is no service a man can render calling for more

nerve and sacrifice. And yet I do not believe there is a man in the navy who isn't anxious for that service. They

come and beg to be sent upon it. They have contributed more than

\$3,000,000 to Liberty bonds, ready to finance their own campaign if we do

not finance it for them. Let us every

one count it a privilege and an honor to be sent to France to fight for America and to the last man and to the last drop of blood we will nerve them to bring an early victory and an enduring peace."

A huge Capt. airplane, driven by

Leutenant Rensatt, of the Royal Italian

aviation corps and carrying six pas-

sengers, and a speedy scout biplane,

driven by Lieutenant Baldoli, flew to

the city from Hirschfeld, circling over

lower Manhattan, and at times at such

low altitudes that the crowds gathered in

the city gathered in the sheep meadow

with Liberty Loan bombs.

British Planes Drop

Five Tons of Bombs;

Six Machines Missing

London, October 25.—An official

statement on aerial operations issued

tonight reports that the British air-

force has attacked our air-

plane squadrons, with excellent results.

More than three and one-half tons of

explosives were dropped in several

places, with great effect. The damage

was considerable; many fires were

observed.

"Three thousand three hundred and

thirty-five pounds of explosives were

dropped on railway stations, junctions,

goods sidings and around Sarabruk-

en by another squadron. The results

hits were observed, resulting in numer-

ous explosions. One train proceeding

to Sarabrukken was stopped by a direct

hit from a big bomb, and was destroyed.

A total of five tons of explosives was

dropped by us.

"The enemy's anti-aircraft defenses

were strong. At first the weather con-

ditions were good, but later became

very bad, with rain, low clouds and a

strong wind, making the return of our

machines very difficult.

"On Wednesday there was a slight

improvement in the weather on the

British front, though drifting clouds

and a very strong west wind made ob-

servation difficult. One hundred and

thirty-four bombs were dropped during

the day on the enemy's billets, twelve

heavy bombs on an airfield near

Courtil, and several on German

troops in trenches and in the open.

"At times the fighting was severe.

Four hostile machines were shot down

by our airplanes; one was shot down

by our infantry and three other machines

were brought down out of control. Six

of our machines are missing."

WILSON URGES

VOTE FOR WOMEN

Continued From First Page.

ness of mankind with regard to the

political questions that the speed of

reconstruction will be greatly in-

creased. And I believe that just

because we are quickened by the

questions of this war we ought

to be quickened to give this ques-

tion of woman suffrage our imme-

diately consideration.

As Spokesman of Party.

"As one of the spokesmen of a

great party I would be nothing less

than obeying the mandates of that

party if I gave my hearty support

to the question of woman suffrage

which you represent, but I do not

want to speak merely as one of the

spokesmen of a party. I want to

speak for myself, and say that it

seems to me that this is the time

for the states of this union to take

this action. I perhaps may be

touching a little too much by the

traditions of our politics—tradi-

tions which lay such questions al-

most entirely upon the states, but

I want to see communities declare

themselves quickened at this time

and show the consequence of the

quickening.

"I think the whole country has

appreciated the way in which the

women have risen to this great oc-

casion. They not only have done

what they have been asked to do,

and done it with ardor and effi-

ciency, but they have shown a pow-

er to organize for doing things of

their own initiative which is quite

a different thing and a very much

more difficult thing, and I think the

whole country has admired the

spirit and the capacity and the

vision of the women of the United

States.

Willing to Take Stump.

"It is almost absurd to say that

the country depends upon the wom-

en for a large part of the inspira-

tion to its life. That is too ob-

vious to say; but it is now depend-

ing upon the women also for sug-

gestions of service, which have

been rendered in abundance and

with the distinction of originality.

I, therefore, am very glad to add

my voice to those which are urg-

ing the people of the great state

of New York to set a great exam-

ple by voting for woman suffrage.

It would be a pleasure if I might

utter that advice in their presence.

Inasmuch as I am bound too close

to my duties here to make that pos-

sible, I am glad to have the priv-

ilege to ask you to convey that

message to them.

"It seems to me that this is a

time of privilege. All our prin-

ciples, all our hearts, all our pur-

poses, are being searched by the

world, and it is time for the people

of the states of this country to

show the world in what practical

sense they have learned the les-

sons of democracy, that they are

fighting for democracy because

they believe in it, and that there

is no application of democracy

which they do not believe in. I

feel, therefore, that I am stand-

ing upon the firmest foundations

of the age in bidding Godspeed to

the cause which I represent and

in expressing the ardent hope that

the people of New York may real-

ize the great occasion which faces

them on election day and may re-

spond to it in noble fashion."

Not Affected by Militants.

"The suffrage delegation returned to

New York tonight confident that the

president's enthusiastic endorsement

would have its effect at the election,

November 6.

Special significance was placed by

many of the New York delegation on

the fact that the president's advocacy

of suffrage had not been affected by

the tactics of militant suffragists of

the woman's party. The recent defeat

of suffrage in Maine was ascribed by

some workers as due to unfavorable

impression created by the so-called

pickets.

Officials of the National American

Woman Suffrage association declared

tonight their future plans will be de-

termined largely by the New York re-

sults. If suffrage carries, they said,

suffrage campaigns would be started

within the next year in many states.

If New York and Ohio, where there

also is to be a vote next month, de-

feat suffrage, efforts may be con-

centrated on the federal amendment

before congress. A program will be

determined at the convention here

December 12.

The First Tie Game.

The first tie game in baseball history

was played in New York sixty-three

years ago today, October 25, 1854.

It was called on account of darkness at

the end of the twelfth inning, with

the score 12 to 12. The contest was

between the Gothams and the Knick-

ers, rival clubs for New York's

baseball honors. The Knicks being the

first regular baseball club ever orga-

nized. The Knicks were in the lead

by a score of 11 to 9 at the end of

the ninth inning, and under modern

rules would have won the game, but

in those days the winning team had to

score twenty-one runs, or "aces."

A stone inkstand at least 100 years

old, the latest relic to be added to

the Memorial building at Hardwick, Vt.

inches deep. The boring of the stone

appears to have all been done by hand.

12,000 GERMANS ARE CAPTURED BY FRENCH

Continued From First Page.

assert that the Italian line barring the way to the valley of the Filich basin and to Tolmino was overrun and that positions also were captured on the Bainsizza plateau, but that large quantities of booty were taken by the Austro-Germans and that more than 10,000 prisoners fell into their hands, including divisional and brigade staffs.

While the operations on the Ypres sector of the front in Flanders continue to be carried out mainly by the artillery, the Germans have launched another strong counter attack south of the Houtholst forest, where the British and French armies have joined hands.

Again this attack met with repulse. In intensive air fighting Wednesday night the French airmen shot down or forced to land in damaged condition 25 German planes.

The retirement of the Germans on the northern Russian front continues. The enemy now is back as far as the Rodeopolis-Turkain line, approaching the Elvina river region. Behind them the Germans are destroying everything on the 15-mile front over which they are retreating. On the Gulf of Riga the Germans have attempted another landing on the Werder peninsula in order to harass the Russian right wing, but were stopped by the Russian fire.

Possibly in view of the operations of German naval units at the head of the Gulf of Finland, the civil population is evacuating Kronstadt, the great Russian fortress and naval base near Petrograd.

FRENCH WITHIN SIGHT OF LAON.

Paris, October 25.—The French forces on the Aisne today continued their successful advance, capturing several important villages as well as two thousand additional prisoners. Since the beginning of the present operations, says the announcement made tonight by the war office, more than 12,000 Germans have been captured, as well as 120 big guns and many guns of smaller caliber.

The text of the statement reads: "Our troops carried out this morning a general advance beyond the positions reached last evening, extending to the Oise-Aisne canal. The villages and forest of Pion are in our hands, as well as the village of Pagny-Filain. South of Filain, where our patrols penetrated, we occupied the farms of St. Martin and La Chapelle Ste. Berthe.

"The enemy under our pressure was compelled to abandon important material, including a score of cannon, of which several were Howitzers of 150 size. The total number of cannon captured by us since October 23 is about 120, to which may be added several hundred minenwerfer and machine guns.

"The course of the day we took more than 2,000 prisoners. The number of prisoners taken since the opening of the operation exceeds 12,000, of whom more than 200 are officers.

"On the right bank of the Meuse, the Germans followed up their bombardment, indicated this morning, of our positions in the Chaume wood with an attack which our fire arrested.

TEUTONS CAPTURE 10,000 ITALIANS.

Berlin, October 25.—(Via London.)—Heavy captures in prisoners and booty have been made by the Austro-German forces attacking the Italians on the Isonzo front, army headquarters an-

nounced today. The prisoners include divisional and brigade staffs.

The total prisoners taken exceeds 10,000.

The fighting on this front is continuing.

In the first rush of the attacking forces, adds the statement, strong Italian positions barring the way to the valleys of the Filich basin and Tolmino were overrun. Steep mountain slopes were scaled and an Italian point of support which crowned the heights was stormed.

The Italians fought desperately and hard battling was necessary to break their resistance at many points.

GERMANS ATTACKING WEST OF ISONZO.

Rome, October 25.—Taking advantage of their bridgehead of Santa Maria and Santa Lucia, the Austro-German forces which yesterday began an offensive on the Isonzo front brought the battle on to the slopes of the right (west) bank of the Isonzo, says today's official statement.

The enemy broke through the Italian advance on the east bank of the Isonzo. Powerful Austro-German attacks were made on the Bainsizza plateau and on the west slopes of Monte San Gabriele, but these were checked by the Italians, who took a few hundred prisoners.

The enemy attacked on the southern slopes of Monte Rombo and on the northern edge of the Bainsizza plateau. In the former region he was repulsed in the narrow valleys, but further south he broke through the Italian advanced lines, being favored by a thick mist which rendered useless the Italian barrage.

The Austro-German offensive struck at two points on the Isonzo line near Filich

RAISE MORE PORK, SAYS HOOVER'S PLEA

Pound of Fat Better Than Bullet, and Hog of More Value Than Shell, He Says.

Washington, October 25.—In a statement tonight reviewing the world food situation, Food Administrator Hoover said the fight against the submarine would be won if the United States and Canada could stimulate production and effect economies so as to feed the allies from this continent without sending a ship farther afield than the American Atlantic seaboard.

Ships, wheat and hogs are the great needs emphasized by Hoover. He said deepest concern had been caused by the fact that in spite of high prices this country's pork consumption had increased during the war until production had been outstripped; a situation that must be changed.

"If we discontinue exports," Mr. Hoover added, "we will move the German line from France to the Atlantic seaboard. Pork products have an influence in the present world situation wider than one would ordinarily attribute to them. The human body must have a certain amount of fat. We must increase production of hogs if we are to answer the world's craving."

Hogs Better Than Shells.
"Every pound of fat is as sure of service as every bullet, and every hog is of greater value to the winning of this war than a shell."

As to wheat the administrator said the allies' deficiency of production is 136,000,000 bushels, with imports of 577,700,000 bushels required to maintain normal consumption. He estimated the aggregate American, Canadian, Australian, Indian and Argentine export surplus at 770,000,000 bushels, but pointed out that lack of shipping made it necessary for this country and Canada to bear the burden of meeting the allies' deficit.

"The problem is thus simply one of ships," he said. "If ample shipping existed there would be no need for saving or increased production of wheat on the part of the American people."

"But if we can produce economies and stimulate production in the United States and Canada as will enable us to feed the allies absolutely from this continent and thus enable them to live without sending a ship far afield than our Atlantic seaboard, we can resist the submarine indefinitely."

Urges Domestic Economies.
Placing the United States wheat export surplus from this year's crop at 30,000,000 bushels, and Canada's at 150,000,000 bushels, Mr. Hoover urged domestic economies to increase this country's surplus to 150,000,000 bushels.

"This we could do," he said, "if our people would eat one pound less of wheat flour per week and one pound of corn meal instead."

If peace should come, Mr. Hoover continued, large numbers of ships would be released and European wheat production increased. If climatic conditions next year are right, he estimated a wheat crop in this country of 1,000,000,000 bushels. For this the food control law guarantees a minimum price of \$2 per bushel.

"If war continues this wheat will be vitally necessary," Mr. Hoover said; "but if the war should come to an end there will be no foreign market for at least 400,000,000 bushels. The government must take over the wheat and probably find a market for it at a very great loss. I should anticipate that the government might lose from \$300,000,000 to \$500,000,000 on this wheat guaranty if peace arrives before the 1918 harvest is marketed."

Mr. Hoover expressed the opinion that the fixed guarantee was unnecessary and that a reasonable profit guaranteed to the farmer would have been sufficient to stimulate production.

"However, the guarantee has been fixed," he added. "It is an insurance against the submarine and an estimate of what it may cost we must leave to the future."

Pork Greatly Needed.
Turning to the meat situation, the administrator said pork products were more vitally needed by the allies than beef.

"In the matter of beef," he said, "the allies can support themselves without any consequential expansion of imports from the United States."

In view of the European situation and the shortage in hogs, he pointed out that there would be a high average price for pork products and, therefore, it would be to the vital advantage of every farmer to raise hogs, adding:

"We need a keep-a-pig movement in this country."

By preventing undue increases in storage prices, Mr. Hoover promised that the food administration would co-operate in measures to stimulate live stock production. He also said further production of sheep, both for meat and particularly for wool, extensively used in uniforms, is needed.

"Our American farmers," he added, "would be wise to realize that for a considerable period after the war there will be a very poor export market for American bread grains, whereas there will be a wide demand for animal products."

CONGRESSIONAL PARTY ARRIVES IN LONDON

London, October 25.—A party of ten American congressmen has arrived in London. They are beginning an unofficial tour of the war area in order to acquaint themselves with existing conditions. A number of former congressmen also were in the party. They purpose to visit the battlefields in France and some of them will go to Italy.

The party will visit the house of commons tomorrow and Ambassador Page will give a dinner in their honor, which former Premier Asquith and other prominent persons will attend.

The voyage across the Atlantic was uneventful. The members of congress in the party are Parker, of New Jersey; Taylor, of Colorado; Johnson, of Washington; Goodwin, of Arkansas; Stevens, of Nebraska; Timberlake, of Colorado; Dill, of Washington; Hicks, of New York; Miller, of Washington; and Dale, of Vermont.

The former congressmen are Messers, Stout, of Montana; H. W. Patton, of Washington, and R. L. Hammond, of Nebraska.

MRS. CONDON TESTIFIES IN BEHALF OF HUSBAND

New Brunswick, N. J., October 25.—Mrs. William J. Condon, wife of the medical reserve officer on trial here for the murder of John V. Piper, Rutgers college graduate student, took the witness stand in her husband's behalf today.

The defendant himself will testify tomorrow, his counsel announced.

Dr. Condon is accused by the state of having shot Piper and then hidden the body in the cellar of his home for a month before he disposed of it by carrying it in his automobile to a lonely spot some distance from town.

Mrs. Condon asserted that during the time the body is alleged to have been in the cellar she had personally inspected the collar several times and had found nothing unusual. Neither did she detect offensive odors about the house, she said.

LOAN FORGING TOWARD FIVE BILLION MARK

Continued From First Page.

question that "the heart and soul of America are in the war" and that the soldiers were showing a wonderful spirit.

"They are willing not only to give their lives, if need be," Mr. McAdoo said, "but they are lending their money to the limit of their ability on the bonds of their government. They have subscribed out of their merger pay more per capita to the second Liberty Loan than the civil population."

"They now wait expectantly to see whether the civilian population is going to back them up with the needed equipment, arms and ammunition, which, combined with their valor, will make victory against Kaiserism and militarism certain. The result of the next two days of the Liberty Loan campaign will give them their answer."

"In the days to come after this horrible war is over and you are asked by your children if you bought a Liberty Bond, will you be able to answer, or, if you answer, will you have to confess that you did not do even that much for the gallant American soldiers and sailors who fought and died that your life, liberty and prosperity might be saved?"

"I hope that when the children of America put that question to their fathers in the future no man will be unable to look them in the face and say that he lent none of his money."

Silk and Linen Shirts \$3.50

"Isn't often we rave over the low price of an article here, but we have a line of silk and linen shirts bought long-time ago when goods of this character was much cheaper than it is today."

A truthful statement would be that the shirts are worth \$5, but we prefer selling them on the same basis they were bought.

New—just arrived—and the patterns are perfectly beautiful. All sizes.

save America and make the world safe for democracy."

Atlanta Near Minimum.
In a statement dealing with results attained Liberty day in the various reserve districts, the treasury department tonight said:

"Districts estimated to have past their minimum quotas are Boston, New York, Cleveland, Richmond, Philadelphia, Chicago, St. Louis and Kansas City. Districts said to be near their minimum are Atlanta, Minneapolis, San Francisco and Dallas."

The erroneous impression prevails in many sections that no over-subscriptions will be accepted. Subscriptions for 50 per cent of the amount subscribed above \$3,000,000,000 will be accepted, Secretary McAdoo announced. Hence, if \$5,000,000,000 were subscribed, \$4,000,000,000 worth of bonds would be issued."

There appears every reason to believe, the statement adds, that New York, already past the billion-dollar mark, will attain its maximum quota of \$1,500,000,000. The spurt started yesterday in Atlanta and Dallas districts, it was said, still continued. San Francisco reports were described as wonderfully encouraging, while advances from Cleveland, Philadelphia, Boston and Richmond districts showed that all were aiming for the maximum allotment.

It is developed tonight that the full total of the country's total might not become known definitely before November 1, the date designated by the treasury as the final cut for banks to have all subscriptions in the hands of the federal reserve banks.

There has been an enormous decrease in the amount of sulphur exported this year from Sicily.

TWENTY MILLIONS MORE ARE LOANED TO FRANCE

Brings Total Credits Extended by United States to Allies to \$2,826,400,000.

Washington, October 25.—Another loan of \$20,000,000 was made to France today, bringing total credits extended by the United States to allied nations to \$2,826,400,000.

IS ASKED IF REPORTS OF SPEECH ARE CORRECT

New York, October 25.—The Liberty Loan committee here sent telegrams this afternoon to Champ Clark—to his address in Washington, Oklahoma City and Bowling Green, Mo.—inquiring about his alleged remarks in a recent speech. The committee said it was "willing to credit the reports" in which the speaker, "a responsible officer of the government, is quoted as stating that the New York financiers are traitors." The speaker is asked in the telegrams to reply, stating whether he had been correctly quoted.

A Special Sale of Ribbon Remnants

We have the largest assortment of ribbon remnants that we have ever shown, and you will find them marked down to

Less Than Half Price

Lingerie Ribbons, in pink, blue and white.

Hair Bow Ribbons, in practically all colors and lengths, "fancies," plain taffetas, checks and stripes; some are suitable for fancy work and you'll find these remnants in lengths of $\frac{3}{4}$ yard to 3 yards.

Collars, Stocks and Jabots

For today we have a special lot of Stocks, Jabots and Ascots. These are numbers from our regular stock, but are slightly soiled or damaged. Qualities that were formerly priced at \$1.00 to \$7.50 have been reduced to

50c to \$3.75

You'll find a special showing of good quality 2-in-1 satin collars that can be worn on both sides—Puritan shapes predominate. We believe this to be the best value we have ever offered at the price—

Special for 85c each

Marabou Neckwear, Muffs to Match

Our line of Marabou Neckwear is complete in the following shades: Mole, Nigger, Natural and Black. The neckpieces come in almost every shape and are wonderful values at our prices—**\$5, \$5.50, \$6.50, \$7.50 and up to \$18.50.**

We have muffs to match at **\$10 to \$17.50.**

Ascot Collars are very much in demand just now, and we have a quality that we consider very good, in white pique; that we are selling for 50c.

We have a larger and better one at 75c, and then still better ones in crepe de chine and corded silk for **\$1.00, \$1.25, \$1.50, \$1.75 and \$2.00.**

Chamberlin-Johnson-DuBose Company

FRIENDSHIP OF GREECE EXPRESSED BY MINISTER

George Roussos Presents Letters of Credit to President Wilson.

Washington, October 25.—(Special.) The long-existing friendship between Greece and America, which has been indissolubly cemented by their alliance in the cause of democracy, was expressed in fitting phrases by George Roussos, Greek minister to the United States, upon the occasion of the delivery to President Woodrow Wilson of letters of credit of the Greek minister from Alexander I, king of the Hellenes.

President Wilson, in replying to Ambassador Roussos' remarks, reciprocated the good wishes of King Alexander and paid a tribute to the Greek-Americans who are fighting shoulder to shoulder with the American Samitaries in France.

Speech of Minister. Following are the remarks of the Greek minister to the president upon the occasion of the presentation of his letters:

"I have the honor, Mr. President, to place in your hands the letter by which His Majesty Alexander I, King of the Hellenes, my august sovereign, deigned to accredit me to you.

"The main object of my mission is to draw close the ties of traditional friendship which bind Greece to the United States of America. I shall bend my best efforts to that end, and with your high assistance, Mr. President, on which I may rely, I feel confident of success. My confidence is based on the knowledge that our peoples, both essentially democratic, are striving for the same ideals and must, therefore, understand and esteem each other.

"Greece, my country, is just emerging from an exceptionally grave crisis. It overcame it because of the Hellenic people's devotion to the democratic principles which have always been theirs, and because of the assistance which the protecting powers graciously extended to them.

"As soon as the Hellenic people were free masters of their own destinies, they unconditionally performed the duty they had incessantly proclaimed as theirs; they took sides with the noble and generous nations that are striving to secure for the world an era of justice and true freedom. Among those nations the United States is one of the most spirited in the pursuit of that end. Through you, as its authorized spokesman, Mr. President, it has uttered words which started mankind and proclaimed principles that have for once and all established the sanctity of the purpose it aims to achieve. The weak, the oppressed, all now live in the certainty that their liberties will be restored.

"The American army, to which a large number of men of Greek extraction have the honor to belong, is about to shed its blood in the defense of those principles. Greece is proud to have a share in such a struggle, and to have more and more of the blood of its children so that the grand ideal may be realized.

"Under these auspices I have the honor to express to you, Mr. President, in the name of his Majesty the king of the Hellenes, and of the royal government, the ardent wishes, in which I ask leave to join, which they make for the greatness and prosperity of the great republic of the United States of America, and for you, Mr. President, its eminent chief, whom Providence has entrusted with a sacred mission. We pray the Almighty that He grant you a long life so that you, Mr. President, may accomplish it in its fullness.

President's Reply. Following is the president's reply: "Mr. Minister: I am happy to accept

the credentials by which his majesty, the King of the Hellenes, accredits you as envoy extraordinary and minister plenipotentiary near the government of the United States, and to accord you formal recognition in that capacity.

"The main object of your mission is to draw closer the ties of traditional friendship which bind Greece to the United States. I receive these statements with the same pleasure that I accept your credentials. It is true, but I am sure you that I shall be always willing and ready to co-operate with you in the striving to give substantial reality to those divine ideals of right, liberty and justice by which both Greece and the United States of America seem to be guided.

"I am more gratified when the supremacy of democracy was proclaimed throughout Greece by the action of your government in casting its destiny with the United States and the allied powers of Europe in the great conflict in which they are engaged for the preservation of civilization and the realization of the rights of the weak and oppressed. I thank you for your feeling of unity with the United States in this noble and righteous cause.

"We have been glad to welcome to our shores many Greeks who have sought new fields of labor among us. They have made good citizens and they now prove their loyalty and their readiness to shoulder their willingness to shed their blood shoulder to shoulder with the American soldier in Europe.

"I reciprocate his majesty's thoughtful tribute to the Greek-American people and ask you to assure him of my appreciation of his friendly sentiments, and for his loyal and devoted service to the cause of the world. Of your personal good wishes I am well aware, and I am sure that you will find your residence at this capital most agreeable."

BOY SCOUTS HAVE SOLD OVER \$21,000,000 BONDS

New York, October 25.—Returns from the Liberty Loan campaign of the Boy Scouts of America tonight showed that bonds in excess of \$21,000,000 already had been sold. "The figures indicate that the scouts have sold more than designated quota of \$10,000,000," said James R. West, chief scout executive at national headquarters here. Reports from the seventeen cities which are the zone centers of the campaign, follow:

Minneapolis, \$5,442,150; New York, \$5,241,850; St. Louis, \$2,614,450; Boston, \$1,907,250; Memphis, \$1,788,500; Columbus, \$1,323,350; Richmond, \$502,900; New Orleans, \$443,000; San Francisco, \$440,500; Chicago, \$287,850; Spokane, \$236,950; Dallas, \$221,100; Omaha, \$202,100; Denver, \$193,250; Los Angeles, \$180,800; Atlanta, \$138,550; Portland, \$51,900.

DR. VISER SPEAKS AT THOMASVILLE

Thomasville, Ga., October 25.—(Special.)—Dr. R. J. Viser, special representative of the government, spoke here yesterday in the interest of the food conservation movement and other matters connected with it. Dr. Viser is visiting the various towns in this section of the state, speaking at Raleigh last night and Albany and Americus today. He is intensely interested in this movement and in fact in everything that will tend to aid in helping win the war. His address was full of interest and instruction and aroused much enthusiasm in the campaign for food conservation, to be launched next week.

Dr. Viser is a Virginian, a young Presbyterian minister, who gave up his church to go into war work. He is anxious to go to the front and has been promised a release from his present work by the end of the year. He has a brother in the trenches "somewhere in France."

AUTOMOBILES COLLIDE; ONE SERIOUSLY INJURED

Miss Watson, of Baconton, Is Perhaps Fatally Hurt in Accident Near Albany.

Albany, Ga., October 25.—(Special.) Miss Thelma Watson, of Baconton, was seriously and perhaps fatally injured last night in an automobile accident ten miles below Albany, while on her way to Albany with W. H. Long, of Leesburg, with whom she was to attend a theatrical performance here. A large touring car which they met was running without lights and collided with them, throwing the lighter car in which they were riding into the ditch. Miss Watson received a severe blow on the head, from which she was still unconscious late today. The other car did not stop. A few minutes later C. J. Thornton, of Albany, passed in a car and carried Miss Watson and Mr. Long to Baconton. Her condition is critical.

CARROLL CITIZENS PASS RESOLUTIONS ON LIBERTY BONDS

Carrollton, Ga., October 25.—(Special.)—At a mass meeting of citizens of Carroll county at the courthouse today the following resolutions were unanimously adopted:

"Realizing that our government is now engaged in a death struggle with Prussian autocracy, which for more than a half century has been piling up resources and munitions and training its soldiers that it might one day strangle democracy and rule the world; and

"Whereas, ours has always been a peace-loving democracy that has heretofore thrown open its doors to the oppressed and downtrodden of the nations of Europe, some of whom are now so unmindful of the blessings conferred upon them that they are engaged in antagonizing our government, thus lending aid and comfort to our enemies; and

"Whereas, we recall that France, when crushed by the Prussian army in 1871, was forced to pay a billion dollars to Germany as an indemnity for the losses of a three months' war, and in realizing this we are reminded that should we fail to do our part in the present crisis and permit the allies to be crushed and our country overrun, the indemnity exacted of us after this most terrible and costly war will stagger the imagination because of its immensity, therefore, be it

"Resolved by the citizens of Carroll county in mass meeting assembled, that it is both the duty and the pleasure of all Carroll county patriots to buy Liberty Bonds, rather than pay German war bonds, for real assistance that we must do the one or we will be forced to do the other."

Moscow has been given the first pneumatic postal service in Russia and other cities may be similarly supplied.

Federal Grants Allotted To Arkansas and Texas Under Vocational Act

Washington, October 25.—Allotments totaling \$428,532, the first federal grants of money to the states under the Smith-Hughes vocational education law, were made today by the federal board for vocational education to seven states which have complied with the law by submitting plans for the promotion of vocational education and agreeing to match every federal dollar with money publicly raised by the state or local community. Texas has complied with the law so far as agricultural education is concerned, and an allotment has been made for salaries of instructors in agricultural schools.

The payments are made through state boards for vocational education and are divided into three general classes, as follows: Money allotted on the basis of rural population for the salaries of teachers of agriculture, home economics and industrial subjects, and money allotted on the basis of total population for the maintenance of teacher-training courses in these branches.

The total available for use during the current fiscal year is \$1,800,000. An equal amount must be raised by the states. Thirty-five states have so far submitted plans to the federal board for approval and they are being passed upon as rapidly as possible. Negotiations are in progress with the remaining states to which grants have been made and the amounts follow:

Arkansas—Agriculture, \$13,838; Industrial, \$5,000; training courses, \$5,500. Texas—Agriculture, \$29,974.

Although grants are made on a relative population basis, the law provides that the minimum shall be \$5,000.

SUNDAY SCHOOL MEN CONVENE IN NEW YORK

New York, October 25.—Moral and religious reconstruction of the world from the Sunday school viewpoint will be the object of a special committee of the Sunday school association of the Christian countries of the world, the appointment of which was recommended at a meeting of the executive committee of the World Sunday School association here today. The association has a membership of 95,000,000. Among those attending today's meeting were prominent Sunday school workers from the United States and Canada.

The recommendation of the committee follows:

"That in co-operation with the British committee a representative world Sunday school commission be appointed to prepare a world message and a program to meet adequately, from in answering a petition from the Jews, the king pledged the same rights to them also.

"Tell the people of the United States," said the queen, in conclusion, "that Sunday school men everywhere have thoughtfulness and generosity. America has lifted us from the threshold of despair and doubt into the realm of hope for a brighter future. I trust that Rumania, still suffering from the ravages of war, disease and famine, may look with confidence for continued aid from our generous ally on the western continent. May Rumania thus be strengthened to do her part in achieving the victory which in the words of President Wilson will bring peace and safety to all nations and make the world itself free."

"The noble ideals of President Wilson, with which I am in sympathy," the queen continued, "fourthly, our country, for Rumania entered the struggle in the hope of realizing national unity with the other four million Rumanians beyond the Carpathians. King Ferdinand himself has been the exponent of principles of democracy. In a message before parliament before the war he proposed on his own initiative that there be a fair division of lands among the people and he intended to set the first example by surrendering large estates to be divided among the peasants.

In the same message he asked the widest political rights for all his subjects who previously had voted according to the amount of taxes paid. Later, in answering a petition from the Jews, the king pledged the same rights to them also.

"Tell the people of the United States," said the queen, in conclusion, "that Sunday school men everywhere have thoughtfulness and generosity. America has lifted us from the threshold of despair and doubt into the realm of hope for a brighter future. I trust that Rumania, still suffering from the ravages of war, disease and famine, may look with confidence for continued aid from our generous ally on the western continent. May Rumania thus be strengthened to do her part in achieving the victory which in the words of President Wilson will bring peace and safety to all nations and make the world itself free."

MERGER OF LUTHERANS
BROUGHT STEP NEARER

Philadelphia, October 25.—Amalgamation of the three great bodies of the Lutheran church was brought a step nearer today by the action of the general council of the Evangelical Lutheran church in session here. The council unanimously approved the proposed merger of the general council synod of the south into one body to be called the United Lutheran Church in America.

The general synod endorsed the proposed union last June, and delegates from the southern body today predicted unanimous approval by their synod when it meets in November to consider the proposal. Should the action of the united synod of the south be favorable, the proposal then would have to be submitted to the 24 local synods throughout the country. A two-thirds vote of these local bodies is necessary for adoption.

The Rev. G. T. Trevelyan, president of the general synod, said that he had been informed that 23 of the local synods have unanimously endorsed the proposed merger and are prepared to accept the new constitution.

SECOND CALL MEN MAY STUDY SIGNAL WORK

Washington, October 25.—Men subject to the second call to the national army are to be given the opportunity to study for work in the army signal corps.

The new federal board for vocational education announced today that, in co-operation with the war department, it had planned to use every school in the country that can be equipped for this work and volunteer selection will be assigned to schools in their towns or districts.

Radio and telegraphing will be taught in night courses. A call has been sent to all citizens properly qualified to serve as teachers, and it is hoped to have the schools in operation in the near future. The first call is for the training of 15,000 operators.

Officials of the vocational board intimated that the mobilization of the schools for the training of men of this class of work is but the first step in a nation-wide scheme of vocational training designed to meet the urgent war needs of both the army and of industry.

MONEY NOT IN DANGER, GERMANS ARE ASSURED

Washington, October 25.—Assurance was given citizens of Germany and Germany's allies, resident in this country tonight by A. Mitchell Palmer, alien property custodian, that their money on deposit in banks is not in danger of seizure by the government.

"Some misapprehension," said a statement by Mr. Palmer, "seems to exist relative to the status under the trading with the enemy act of citizens or subjects of Germany and its allies resident within this country. Such persons are not included within the term 'enemy or ally of enemy,' as employed in the act. The moneys on deposit in banks in this country belonging to such persons are not liable to seizure by the government and will not therefore be taken into the possession of the alien property custodian."

ARMY ORDERS

Washington, October 25.—(Special.)—First Lieutenant Albert L. Evans, Medical Reserve corps, relieved of duty at medical officers' training camp, Camp Greendale, and proceeding to his home. First Lieutenant James W. Roberts, Jr., Medical Reserve corps, relieved of duty in Atlanta as recruiting officer of base hospital No. 42 and proceed to St. Louis and report in person to the military director of the School of Plastic and Oral Surgery at the Washington university at that place for a course of instruction.

Following named officers, Medical Reserve corps, are assigned to duty and ordered to proceed to Fort Oglethorpe: Captains Star Ford, Rufus Southworth, Lieutenants Clara Crawford, Robert H. Sattler, Ralph W. Staley.

AMERICANS THANKED BY QUEEN OF RUMANIA

Declares Her Country Will Fight for Freedom to the Bitter End.

Jassy, Rumania, Tuesday, October 23. (Via Petrograd.)—Rumania will fight to the bitter end until the struggle for the freedom of the world and the restoration of the rights of small nations is achieved. Queen Marie, of Rumania, today told the Associated Press, "America's entry into the war and the aid given Rumania has renewed the strength and hope of Rumania.

"I never will we lay down our arms until the cause to which we have consecrated our lives is vindicated," declared the queen, her voice full of determination and emotion.

America's aid, Queen Marie declared, came at the crucial hour when the need was greatest.

"Our hearts warmed with gratitude," she said, "and our hopes were rekindled by this evidence of America's generosity. I wish the Associated Press to convey my most sincere thanks to the entire American nation for the noble way in which it has come to our assistance in the hour of suffering. I am aware that millions of young people, even the most humble, made this sacrifice by contributions. Therefore, I hope my voice, conveying my heartfelt gratitude, will reach every corner of the United States, penetrate the smallest home and be heard at the humblest table around the poorest hearth."

The mothers, children and soldiers of Rumania bless America's great name. Each suffers well knows that Rumania's ally overseas has come to the rescue in the time of trouble, and as their queen I voice their gratitude to America, which is the whole-hearted expression of the eight millions of my people.

"The noble ideals of President Wilson, with which I am in sympathy," the queen continued, "fourthly, our country, for Rumania entered the struggle in the hope of realizing national unity with the other four million Rumanians beyond the Carpathians. King Ferdinand himself has been the exponent of principles of democracy. In a message before parliament before the war he proposed on his own initiative that there be a fair division of lands among the people and he intended to set the first example by surrendering large estates to be divided among the peasants.

In the same message he asked the widest political rights for all his subjects who previously had voted according to the amount of taxes paid. Later, in answering a petition from the Jews, the king pledged the same rights to them also.

"Tell the people of the United States," said the queen, in conclusion, "that Sunday school men everywhere have thoughtfulness and generosity. America has lifted us from the threshold of despair and doubt into the realm of hope for a brighter future. I trust that Rumania, still suffering from the ravages of war, disease and famine, may look with confidence for continued aid from our generous ally on the western continent. May Rumania thus be strengthened to do her part in achieving the victory which in the words of President Wilson will bring peace and safety to all nations and make the world itself free."

They Are Here

—The classiest assortment of overcoats that it has ever been our opportunity to display.

Our carefully selected stock of Collegian Overcoats include models for every taste and every need. There are big roomy ulsters, that will defy the coldest weather. There are classy all-around belters of most attractive design. There are dignified dress overcoats cut along conservative lines. There are many of the famous Nockabout (unlined) overcoats, unequalled for general use. They are all here, in our store, awaiting your choice—and at prices that will surprise you.

Collegian Overcoats

CASE AGAINST BANKERS SEEMS TO BE LIMPING

**Donelson Must Show Cause
Why Verdict Should Not
Be Given Defendants.**

Macon, Ga., October 25.—(Special.)—There are indications that the government's case against the officers of the defunct Commercial National bank, now on trial in the United States district court here, is limping. Today Judge Evans insisted that District Attorney Donelson show cause, by introducing further evidence of the alleged corrupt intention of the defendants, why verdict should not be directed for the defendants.

HIGHWAY PROJECTS TO BE CONSIDERED AT MEETING TODAY

The state highway commission will meet at the capitol Friday morning for the purpose of formulating its plan of action following official announcement from Washington that the highway projects of the Georgia commission have been approved and Georgia's first allotment of federal road money, amounting to \$135,000, will be forthcoming.

In order to make the money available it is necessary for the commission to put up the equivalent of the federal appropriation. This will be done by the counties through which the proposed highways for improvement pass. The matter is now strictly up to the counties as to whether or not Georgia gets the federal road money for which she has been fighting for more than two years. The commission expects to call upon the counties to live up to their promises in the very near future.

Interest of Georgia In the Union Station Will Be Investigated

One of the most important matters which the Western and Atlantic railroad commission is now seeking to have adjusted is that involving the question of whether or not the Georgia railroad has a real interest in the Union Station building in Atlanta. That road does not claim interest in any of the ground on which the station stands, but does claim an interest in half of the building proper, including the station holds, would terminate when the building is torn down for the erection of a new station. It is understood that Thursday will be done in the course of a short time by the lessee. The commission charges, further, that four or more Atlanta estates are encroaching on the land of the W. & A. road on the site of the Union station, where there is in operation a special track serving a number of warehouses. This track the Grant, Fulton, National Bank and other estates claim belongs to them. The state claims its land runs up to and about the several warehouse buildings.

LUNCHEON IS GIVEN FOR CHARLES HAMLIN

Charles S. Hamlin, former governor of Massachusetts, who has delivered a series of Liberty Loan addresses throughout the sixth federal reserve district during the last week, was the guest of Mr. Wellborn, chairman of the board of directors of the Atlanta Federal Reserve bank and the sixth district Liberty Loan committee, at luncheon at the Capital City club, Thursday.

Mr. Hamlin is now a member of the federal reserve bank advisory board, at Washington, D. C. He made a stirring speech before the volunteer salesmen for the Atlanta campaign at the Atlanta Chamber of Commerce Thursday morning just before they began their big Liberty Bond sales campaign of the day.

Cuticura Soap —is Ideal for— the Complexion

No sounder advice could be given a man who anticipates buying a new overcoat than, "Wear a Benjamin." If you but knew the real worth of a Benjamin garment as we do, if you knew how faultless they are in tailoring and fashioning, how well they fit and retain shape, no other make of coat would ever cover your back. You have a wonderful range of materials here to choose from—a wide variety of styles and patterns, and when once you own a Benjamin coat it will be a long time before you need another.

Bone-Dry Banquets to McAdoo Indicate Trend the Country Over

At the banquet given to Hon. William G. McAdoo, secretary of the treasury, and his party at the Capital City club Wednesday evening by the Atlanta Clearing House association—elaborate in every detail and with about 250 guests seated at the beautifully decorated tables—no wine was served. A banquet of any kind without wine was an unheard-of thing in Atlanta a few years ago.

A Constitution representative was seated near Admiral Carey T. Grayson, the president's personal representative with the party, and the man charged with the direct responsibility of keeping the health of the white house up to standard, he having held this position during two previous administrations.

Someone commented upon the absence of wine at so elaborate a banquet, and as if to explain to the admiral, stated that Georgia being now a bone-dry state, no wine was served at the banquet.

"I am not at all surprised," said Admiral Grayson. "On the other hand," he continued, "had wine been served at this banquet it would have been noticeable as an exception. I have been with Secretary McAdoo's party ever since we left Washington a month ago. We have toured the whole continent, going the rounds from the Atlantic, by

IMPORTANT STATEMENT MADE AT OGLETHORPE

Chattanooga, Tenn., October 25.—(Special.)—Announcement was made today at the headquarters of Colonel Herbert J. Stoen, commander of the reserve officers' training camp, that the January camp would have approximately 350 cadets from the regular army, national guard and national army, and that a lieutenant colonel, yet to be assigned, would be the commandant. Also it was announced that the medical camp from Fort Benning, Ga., which is to be moved to Fort Oglethorpe, would occupy the additional barracks at the reserve officers' training camp not occupied by members of the January reserve officers' camp. This will give Fort Oglethorpe two medical officers' training camps.

FINE RECORD MADE ON THE FIRST DAY

Continued From First Page.

first subscription was \$300,000, took \$1,000,000 Thursday, bringing its total to \$1,500,000.

The Fourth National bank, whose original subscription was for \$500,000, increased its subscription by \$1,000,000, bringing its total also to \$1,500,000.

The Lowry National bank added another \$500,000 to its first \$500,000, making \$1,000,000 for that bank.

Banks Take \$6,100,000. The subscription of the Central Bank and Trust corporation is \$500,000, and the subscription of the Fulton National bank is \$100,000. It will be observed that this gives a total of \$6,100,000 in subscriptions by banks. These subscriptions are a fair indication of the total subscriptions of the city. Subscriptions by business houses and individuals cannot be counted as in addition to the subscriptions by the banks, for the reason that the subscriptions of business houses and individuals will be taken in at the banks and will absorb the subscriptions which the banks have made.

Chairman Wardlaw stated that subscriptions are coming in very rapidly all over the district. Some of the approximate totals which he has received are as follows:

Birmingham, over \$6,000,000.
Nashville, over \$6,000,000.
Jacksonville, \$1,100,000.
Atlanta, Ga., over \$500,000.
Pensacola, Fla., over \$500,000.
Savannah, Ga., \$170,000.
Tampa, Fla., over \$250,000.
Americus, Ga., \$141,000.
Brunswick, Ga., over \$200,000.

Women Have Big Day. The women of Atlanta on Thursday raised subscriptions totalling \$614,350.

The big personal drive launched by volunteer salesmen Thursday morning netted \$131,700 Thursday afternoon at 5 o'clock, with reports of some committees not yet received. The drive, however, continued into the night, volunteer salesmen, among them many officers from Camp Gordon, calling upon such business concerns as keep open at night.

Captain H. M. Screws, Captain A. L. Dasher and other officers from Camp Gordon invaded the theaters and moving picture houses last night and se-

the Great Lakes, to the Pacific, and now they are on their way back by the southern route. When we reach Washington we will have belted the continent.

"This is the twenty-third elaborate banquet given our party, the numbers attending ranging all the way from 100 to 500 persons. All of them have been elaborate banquets, exquisite in every detail, just as this one is.

"It is a remarkable fact and a striking commentary on changing custom, that every one of these banquets have been served without wine with the single exception of one on the Pacific coast, and there no other wine was served than a light California sauterne served as a home product.

"If anyone doubts that the wineless banquet has become almost a thing of the past, he will soon be convinced of the fact by taking the round of the country, as we have done.

"And do you know," continued Admiral Grayson, "Washington city itself goes bone-dry on November 1. Not a drop of liquor will be sold in any bar, room, nor served in any hotel or restaurant. The Army and Navy club has already discontinued the sale, and the city generally is quite prepared for the new condition which becomes effective within a few days."

most willingly. Vast numbers of

Thursday's purchasers were people who had also bought bonds in the first issue.

Although the Atlanta Retail Merchants' association had agreed to take care of the sales of bonds in the various stores of Atlanta, a number of the salesmen went into the department and other stores of the city Thursday and sold thousands of dollars worth of bonds to the clerks and sales people.

James Norris, boy 14 years, of 44 Walker street, heard Mr. Woodruff, of the Southern Bell Telephone and Telegraph company, selling bonds in one of the stores and he followed him to the street, and asked to be allowed to buy a bond.

"I've got \$30 in a savings bank," said James, "and I have \$1 out of the four dollars a week I make. If you will let me, I'll just put that \$1 a week into my bond."

So he got his fifty-dollar bond. The Thompson Motor company made a record of having fourteen out of its fifteen employees buy a bond.

Numerous other concerns had the same experience.

Triangle Employees Help. Mr. Bromberg, manager of the Southern Triangle Film company, was very proud when he learned that sixteen out of the seventeen employees of his company had subscribed.

Every employee of the Southeastern Freight association subscribed.

Meeting on Friday. There will be another meeting of volunteer salesmen at the Atlanta Chamber of Commerce Friday morning at 9 o'clock, when the campaign will be pushed forward to clean up the assignments which were not completed Thursday. Such salesmen as did not finish their assignments of Thursday are asked to be at the meeting Friday morning.

The campaign of Thursday was a glorious drive. Approximately 500 volunteer salesmen, including 150 officers from Camp Gordon, met at the Atlanta Chamber of Commerce Thursday morning and received their assignments. The assignments covered practically every office, store, factory and business establishment in the city of Atlanta. The assignments were given out from a big basket just as they were reached, and everybody took his assignment without complaint, whether he drew a peach or whether he drew a lemon.

The results which the salesmen obtained was astonishing, and was the greatest indication yet shown that the people of Atlanta are awakening to the fact that America is seriously in a war which demands the sacrifice and co-operation of every citizen of the United States.

Many Reports Not Yet Made. While a number of the salesmen had not reported to Chairman Paul Wilkes and C. B. Howard Thursday night, the total sold for the day amounted to \$181,700. Of this aggregate amount the vast majority of subscriptions were of the \$50 denomination, and were made by clerks, stenographers, salesgirls, office boys and others to whom the \$50 bond was a very real and genuine sacrifice. There were, however, many subscriptions for \$100 bonds, quite a number for \$1,000 and a few for as much as \$5,000.

The officers from Camp Gordon made a great showing in their work. They worked hard and unceasingly all day long, and many of the officers who did not finish their assignments went out bright and early Friday morning for call duty.

Out of the total of \$181,700 reported, the Camp Gordon officers turned in \$116,200, the officers of the Three Hundred and Twenty-first Field artillery leading the entire field of workers, both civilian and military, with a total of \$84,000 in subscriptions. Other high totals were: Three Hundred and Twenty-sixth Infantry, \$12,250; the Three Hundred and Twenty-fifth Infantry, \$17,800; Three Hundred and Nineteenth Field artillery, \$17,350.

Of the civilian salesmen, the employees of the Southern Bell Telephone and Telegraph company made the high record, turning in a total of \$24,750 in subscriptions.

The students from Georgia Tech distinguished themselves by taking a place among civilian workers with a total of \$21,950.

Base Hospital Record. Perhaps the most remarkable record made was that of a detachment of men and non-commissioned officers from the base hospital at Fort McPherson. Colonel Bratton, in command of the hospital, who had received instructions from Washington to co-operate in every way possible with the sale of the Liberty Bonds, sent in three commissioned officers to aid in the work. Their arrival was unexpected, and they got to the chamber of commerce after the meeting was over and the assignments had been given out.

A few pretty lean assignments were started together for them, and they scaped out with as much willingness and enthusiasm as if they had received the choicest lot of assignments available. One or two men who knew the city were sent out with them as guides, and they came back after only three or four hours' work with \$2,850, practically all in \$50 subscriptions.

At one place they visited an Atlanta manufacturing plant—they were told that the employees of the plant were busy and could not be disturbed. The base hospital men said that didn't make any difference, and they went right on. When they came out they had sold a Liberty Bond to the man who told them they couldn't get in and had total subscriptions amounting to \$1,100 from the employees of the plant.

The Fort McPherson base hospital workers will visit the Southern railway shops and several other establishments on Friday.

Grecks Aid in Work. The Grecks of Atlanta made a fine record for Thursday. Almost without exception they were found to be liberal subscribers. One Greck, who could not understand a word of English—he was a peanut vendor—sent for an interpreter, and when the purpose of the Liberty Bonds had been explained to him he subscribed for a \$100 bond. People bought bonds everywhere, and

APPEAL FOR BOND CAMPAIGN.

Here are the cold facts: Fourteen billions of dollars must come for financing the present war plans of the government.

The people are going to furnish this money—

Either in bonds, on which they will get their money back, at 4 per cent interest;

Or in taxes, upon which they get, nothing back.

No use failing to see the thing just as it is.

Your government—the government you love, the absolutely only government that can protect you and yours from the fearfulness that goes with a German rule—has put its hand to the plow. It will not more turn back than you would have it turn back. Facing ahead it is saving the world.

The cost must be paid—will be paid. How paid is left with you. Lend your money at good interest. Or pay it in taxes that do not come back.

No matter what you may think or what extent you hold opinions adverse to conflict, the dead, cold, staring fact is here.

War is on, war costs us right now a lot of money; that money must come from you—the people of the country.

What are you going to do about it? Let us do something, something big and grand and great—such as the Americans have always done. But, for heaven's sake, let's do it now.

ST. ELMO MASSENGALE, Chairman Liberty Loan Publicity Committee.

most willingly. Vast numbers of Thursday's purchasers were people who had also bought bonds in the first issue.

Although the Atlanta Retail Merchants' association had agreed to take care of the sales of bonds in the various stores of Atlanta, a number of the salesmen went into the department and other stores of the city Thursday and sold thousands of dollars worth of bonds to the clerks and sales people.

James Norris, boy 14 years, of 44 Walker street, heard Mr. Woodruff, of the Southern Bell Telephone and Telegraph company, selling bonds in one of the stores and he followed him to the street, and asked to be allowed to buy a bond.

"I've got \$30 in a savings bank," said James, "and I have \$1 out of the four dollars a week I make. If you will let me, I'll just put that \$1 a week into my bond."

So he got his fifty-dollar bond. The Thompson Motor company made a record of having fourteen out of its fifteen employees buy a bond.

Numerous other concerns had the same experience.

Triangle Employees Help. Mr. Bromberg, manager of the Southern Triangle Film company, was very proud when he learned that sixteen out of the seventeen employees of his company had subscribed.

Every employee of the Southeastern Freight association subscribed.

Meeting on Friday. There will be another meeting of volunteer salesmen at the Atlanta Chamber of Commerce Friday morning at 9 o'clock, when the campaign will be pushed forward to clean up the assignments which were not completed Thursday. Such salesmen as did not finish their assignments of Thursday are asked to be at the meeting Friday morning.

The campaign of Thursday was a glorious drive. Approximately 500 volunteer salesmen, including 150 officers from Camp Gordon, met at the Atlanta Chamber of Commerce Thursday morning and received their assignments. The assignments covered practically every office, store, factory and business establishment in the city of Atlanta. The assignments were given out from a big basket just as they were reached, and everybody took his assignment without complaint, whether he drew a peach or whether he drew a lemon.

The results which the salesmen obtained was astonishing, and was the greatest indication yet shown that the people of Atlanta are awakening to the fact that America is seriously in a war which demands the sacrifice and co-operation of every citizen of the United States.

Many Reports Not Yet Made. While a number of the salesmen had not reported to Chairman Paul Wilkes and C. B. Howard Thursday night, the total sold for the day amounted to \$181,700. Of this aggregate amount the vast majority of subscriptions were of the \$50 denomination, and were made by clerks, stenographers, salesgirls, office boys and others to whom the \$50 bond was a very real and genuine sacrifice. There were, however, many subscriptions for \$100 bonds, quite a number for \$1,000 and a few for as much as \$5,000.

The officers from Camp Gordon made a great showing in their work. They worked hard and unceasingly all day long, and many of the officers who did not finish their assignments went out bright and early Friday morning for call duty.

Out of the total of \$181,700 reported, the Camp Gordon officers turned in \$116,200, the officers of the Three Hundred and Twenty-first Field artillery leading the entire field of workers, both civilian and military, with a total of \$84,000 in subscriptions. Other high totals were: Three Hundred and Twenty-sixth Infantry, \$12,250; the Three Hundred and Twenty-fifth Infantry, \$17,800; Three Hundred and Nineteenth Field artillery, \$17,350.

Of the civilian salesmen, the employees of the Southern Bell Telephone and Telegraph company made the high record, turning in a total of \$24,750 in subscriptions.

The students from Georgia Tech distinguished themselves by taking a place among civilian workers with a total of \$21,950.

Base Hospital Record. Perhaps the most remarkable record made was that of a detachment of men and non-commissioned officers from the base hospital at Fort McPherson. Colonel Bratton, in command of the hospital, who had received instructions from Washington to co-operate in every way possible with the sale of the Liberty Bonds, sent in three commissioned officers to aid in the work. Their arrival was unexpected, and they got to the chamber of commerce after the meeting was over and the assignments had been given out.

A few pretty lean assignments were started together for them, and they scaped out with as much willingness and enthusiasm as if they had received the choicest lot of assignments available. One or two men who knew the city were sent out with them as guides, and they came back after only three or four hours' work with \$2,850, practically all in \$50 subscriptions.

At one place they visited an Atlanta manufacturing plant—they were told that the employees of the plant were busy and could not be disturbed. The base hospital men said that didn't make any difference, and they went right on. When they came out they had sold a Liberty Bond to the man who told them they couldn't get in and had total subscriptions amounting to \$1,100 from the employees of the plant.

The Fort McPherson base hospital workers will visit the Southern railway shops and several other establishments on Friday.

Grecks Aid in Work. The Grecks of Atlanta made a fine record for Thursday. Almost without exception they were found to be liberal subscribers. One Greck, who could not understand a word of English—he was a peanut vendor—sent for an interpreter, and when the purpose of the Liberty Bonds had been explained to him he subscribed for a \$100 bond. People bought bonds everywhere, and

J. C. Sims, manager of the Chevrolet Motor company, stopped his plant when the bond salesmen visited him, and called in all the employees of the plant. He urged them to buy bonds and said that he would buy back every bond that an employee decided he did not want. Every employee in the place bought.

Among the larger subscriptions announced Thursday to the second Liberty Loan was one from the Lowry National bank for \$300,000, making a total of \$1,000,000 for that bank.

In commenting on this additional subscription, President Robert J. Lowry said that it was made because of the belief that every individual and corporation should exert every effort to make the loan an overwhelming success, and that he hoped the Lowry National bank would be able to make further increase their total.

These bonds will be sold for cash or on the divided payment plan that enables those working for a small salary, or who happen to be without the actual cash, to buy one or more bonds and pay for them on very easy terms.

The subscription increased. The Third National bank has increased its subscription to the second Liberty Loan from \$1,000,000 taken several days ago, to \$1,500,000, a splendid participation in the new loan and one which the officers of the bank feel is more than justified because of the wide patriotic interest the people of Atlanta and surrounding territory have taken in the bonds.

So great has been the demand by customers of the Third National Liberty Bonds of the new issue that it has rapidly disposed of the larger part of the \$1,000,000 which it took at first. The appearance here of Secretary of the Treasury William G. McAdoo, and his stirring speeches aroused the people to the necessities of the occasion, and the demand for second issue Liberty Bonds showed an immediate large increase.

With its million and a half the Third National is now well supplied with the new 4 per cent Liberty Bonds in all denominations from \$50 up, and they are now ready for delivery to the public. There are only two more days in which high subscriptions to the new bonds may be entered, and those who expect to participate should call and make their arrangements at once.

Enthusiastic Meeting. The meeting Thursday morning was one of tremendous enthusiasm. Among the speakers at the meeting who stirred up the fervor of the salesmen were former Governor Charles D. Hamm, of Massachusetts, and Captain H. M. Screws, who has been an able factor in the success of the bond drive at Camp Gordon.

Other speakers were Frank E. Lowenstein, president of the Ad Men's club, who presided over the meeting, and who spoke to the salesmen on salesmanship in bond selling; C. B. Howard, chairman of the Atlanta Liberty Loan executive committee; Willis Timmons, president of the Rotary club; Kenneth M. Walker, Hill, H. D. Carter, E. C. Johnson, Paul E. Wilkes and Professor Gruen, of Oglethorpe university.

The captains of the different teams are as follows: Mr. M. Van Hartlingen, Atlanta Ad Men's club; Kenneth M. Walker, Tech; Professor Gruen, Oglethorpe university; C. A. Ragland, Salesmen's club; Willis Timmons, Rotary club; H. D. Carter, of the Credit Men's association; P. L. Woodruff, of the Southern Bell Telephone company, and E. C. Johnson, of the Atlanta Medical college.

The officers from Camp Gordon who head the drive are: Captain H. M. Screws, Captain A. L. Dasher and other officers from Camp Gordon.

Mr. Howard in addressing the meeting said: "I have bought another \$100

bond tonight. I do not know where I will get the money to pay for it. You fellows with cash in your pockets had better stay out of dark alleys while I am in town. Some of you fellows who are in politics will lend a fellow \$10 on his note when you know the odds are 10 to 1 that he will never pay you, and yet you refuse to lend to your country in this critical time.

"If I understand the man who dears his country at this time," Mr. Howard claimed that of the \$17,100,000, the estimated cost of the war to June 30, 1918, every dollar will be wisely expended.

In discussing the care that is being taken of the soldiers at Camp Gordon, Mr. Howard said: "General Swift asked me yesterday if the merchants of Chamblee were complaining because he was keeping the soldiers out of Chamblee. I told him that they were. General Swift's reply was as follows: 'I am going to have 40,000 mothers' sons under my care and I am going to keep them out of Chamblee until Chamblee is clean.'"

Rubber Company Subscribes. Announcement was made Thursday that the United States Rubber company has subscribed for \$10,000 worth of Liberty Bonds through its Atlanta branch and has subscribed for other amounts through its offices in other southern cities.

This is in addition to subscriptions of \$150,000, which the United States Rubber company has made through its home office.

The Atlanta Aerie of the Eagles has notified the Liberty Loan committee that it has decided to subscribe for \$1,000 worth of Liberty Bonds.

C. P. Phillips, southern representative of the Ohio Match company, spoke in Ashburn today, and aroused much enthusiasm. He also made a speech before the school children there, and thirty-six bonds were subscribed by the pupils.

Chairman Michael, of Athens, Ga., reports that the high school subscribed for a \$100 Liberty Bond and presented it to the American Red Cross.

Charles Shelton, prominent attorney and learned speaker, will address the employees of the Western of Alabama railroad company tomorrow. W. H. Smith, auditor, reports that the company is making special inducements for their employees to buy the bonds.

Robert Bachman reports a successful meeting when he addressed a large number of employees at Couch Bros. Manufacturing company today. Much is being accomplished in these talks to large industries.

The J. M. High company has subscribed for \$5,000 worth of Liberty Bonds, according to announcement made by the Liberty Loan publicity committee Thursday.

DECATUR CITIZENS HOLD GREAT RALLY FOR LIBERTY BONDS

The Boy Scouts' drum corps, the Decatur High school orchestra and a male quartet furnished music for the Liberty bond mass meeting in the courthouse at Decatur last night, which began with a "whoop."

About three hundred men and women heard an address by Congressman William Schley Howard, County Chairman J. Howard Green, who presided at the rally, reported that citizens of Decatur had subscribed \$20,000 to bonds up to Thursday noon, \$5,000 of this amount being secured through the efforts of the Boy Scouts.

Mr. Howard in addressing the meeting said: "I have bought another \$100

bond tonight. I do not know where I will get the money to pay for it. You fellows with cash in your pockets had better stay out of dark alleys while I am in town. Some of you fellows who are in politics will lend a fellow \$10 on his note when you know the odds are 10 to 1 that he will never pay you, and yet you refuse to lend to your country in this critical time.

"If I understand the man who dears his country at this time," Mr. Howard claimed that of the \$17,100,000, the estimated cost of the war to June 30, 1918, every dollar will be wisely expended.

In discussing the care that is being taken of the soldiers at Camp Gordon, Mr. Howard said: "General Swift asked me yesterday if the merchants of Chamblee were complaining because he was keeping the soldiers out of Chamblee. I told him that they were. General Swift's reply was as follows: 'I am going to have 40,000 mothers' sons under my care and I am going to keep them out of Chamblee until Chamblee is clean.'"

WOODRUFF SUBSCRIBES FOR \$100,000 BONDS

Complimentary to Mrs. William G. McAdoo and the work which she has done for the Liberty Bonds, Ernest Woodruff, president of the Trust Company of Georgia, has entered directly with Secretary of the Treasury William G. McAdoo an application for \$100,000 worth of Liberty Bonds.

Mr. Woodruff also subscribed for \$100,000 worth of bonds of the first issue.

The application for the bonds of the second issue was made in the following letter to the secretary of the treasury, in which he holds up the work of Mrs. McAdoo as an example to the women of America.

My Dear Sir: As a admirer of the noble work accomplished in the placing of the original Liberty Loan by your charming wife, and the enormous value of such example to the women of America, I desire to enclose herewith my subscription for \$100,000 of the new Liberty Bonds.

Of which I am an officer. The display of patriotism manifested by the women of our country has found full flower in the splendid work which Mrs. McAdoo has done, and deserves full acknowledgment by all of us.

Yours respectfully,
ERNEST WOODRUFF.
October 24, 1917.

OLDEST WEST POINTER, CAPT. F. T. BRYAN, DIES

St. Louis, October 25.—Captain Francis T. Bryan, United States army, retired, oldest alumnus of West Point and of the University of North Carolina, died at his home here today. He was 94 years old.

Captain Bryan graduated from West Point in 1846. In his class were George B. McClellan, later commander of the army of the Potomac, "Stonewall" Jackson and Pickett, who led the famous charge at Gettysburg.

Captain Bryan served in the Mexican war and later in Indian wars and was a member of the detachment that rescued Albert Sidney Johnston from the Mormons at Salt Lake City.

A son, Captain Richard S. Bryan, is now an army medical officer in Honolulu.

The Lowry National Bank Has Increased Its Liberty Loan Subscription To One Million Dollars

We believe that every individual and corporation should put forth every effort to make the Second Issue of Liberty Bonds a success. In accordance with this belief we have doubled our original subscription of \$500,000, making a total subscription of \$1,000,000. We hope to be able to announce a third subscription that will still further increase this total before the campaign closes.

This Bank Will Remain Open Until 9 p. m. Each Day to Receive Subscriptions Until the Campaign Closes on October 27

These Bonds will be sold for cash or on Monthly Deferred Payments. We will be glad to give you any additional information you may want.

EMBARGO ON SUGAR IS LIFTED IN PART

Confectioners May Have
Amount Which, When
Added to Stock, Will
Reach 50 Per Cent of Nor-
mal Requirements.

Washington, October 25.—Confectioners and manufacturers of syrup, gum and ice cream were partially relieved today from the drastic sugar embargo against them. The food administration, modifying its order of a few days ago, directing that no sales be made of these interests until Cuban supplies were available, now has instructed refiners and distributors to deliver to them sugar in such quantities as, when added to their stock in hand, will amount to 50 per cent of their normal requirements.

The modification was announced in the following telegram sent to all refiners and distributors:

"Owing to great distress to em-

ployees, confectioners and manufacturers of gum, cordials, syrups and ice cream, the food administration herewith modifies former instructions as follows: First, every confectioner and manufacturer who wishes to buy sugar should disclose to you his stocks of sugar on hand, and agree to reduce voluntarily his use of sugar 50 per cent until January 1, his combined purchases and stocks not to exceed this requirement. Second, in order to obtain 50 per cent of his requirements now and hereafter he must not buy or attempt to buy Louisiana clarified, plantation whites or open kettle sugars at more than 25 cents per pound, 2 per cent. Louisiana points. Third, before selling, obtain his assurance on these points and return your jobbing trade likewise."

The food administration expects prompt relief from the eastern sugar shortage to follow the agreement reached yesterday for the sale of 200,000,000 pounds of Louisiana cane sugar to the American Sugar Refining company. Representatives of the growers who made the agreement today wrote to each planter in Louisiana inviting him to participate in the sale.

REWARD IS OFFERED FOR "NIGHT RIDERS" TERRORIZING BLACKS

Following the receipt of an appeal for aid in the protection of negroes in Houston and Crawford counties from "night riders" who are said to have ill-treated negroes who have been buying and driving automobiles, Governor Hugh M. Dorsey has offered a reward of \$50 for the capture and conviction of any person participating in such mistreatment.

U. S. TO HAVE HONOR OF FINISHING WAR, SAYS JULES CAMBON

Paris, October 25.—"Make it very clear to the American public," said Jules Cambon, general secretary to the ministry of foreign affairs, today to the Associated Press, referring to the recognition given by David Lloyd-George, the British premier, to the economic, military and naval effort of the United States in the war, "how highly public opinion in France appreciates all that the United States has accomplished and how grateful it is for it."

"It is the general conviction that it is the United States which will have the honor to finish the war and place its foot on the monster's head," M. Cambon continued. "The energy of the American policy, as evidenced by the embargo measures, meet with the entire approval of the French government. Every day that it is an effective and complete blockade, that is the sole means to prevent a continuation of the provisioning of Germany, while at the same time it strikes at the morale of the country, which daily becomes more depressed."

"Proofs of depression are visible in demands for changes in the government personnel and in rumors of a ministerial crisis."

M. Cambon confirmed anew his confidence in the Russian people. "Although American co-operation in the war allows us to accept without fear the possibility of a Russian collapse," M. Cambon concluded, "I think that despite all this Russian people will recover themselves and still give us a happy surprise."

Wearing 'Em Higher
In Germany Soon,
Says Teuton Press

Copenhagen, October 25.—Some of the prospects which the German people are called upon to face the coming winter are officially announced in today's German newspapers as follows:

There is only enough shoe leather for the use of miners, fishermen, canal workers and a few allied traders. The manufacture of leather footwear for the rest of the population will soon be suspended. They will have to get along with wooden soles and cloth uppers.

There is a big shortage in vegetables and no hope of any material improvement in the fresh vegetable supply. The turnip must again be one of the mainstays of Germany this winter, although to a less degree than last year.

The fuel problem has not been solved despite all the efforts made for its solution and the city population may expect to notice the results of this fact keenly from time to time.

The railway administration of Saxony announced that railway travel will not be allowed without special permission. Soldiers in the home camps are limited in their week-end forays and Saturday and Sunday trips of mothers and sweethearts to see boys in the camps are cut down in order to cut down transportation.

Finally, after the fashion plates for winter are out, the government has decreed that the women's skirt must be made with reduced material, which results in their being made shorter and tighter.

STATE DEFENSE COUNCIL WILL VISIT OGLETHORPE

Governor Hugh M. Dorsey, Congressman Gordon Lee, J. W. Oglesby, of Quitman, and other members of the State Council of Defense, will spend Friday at Fort Oglethorpe.

The purpose of the visit is to see how the State Council of Defense may be able to make the life of the soldier at Fort Oglethorpe more comfortable and better to safeguard the interests of the soldier.

FINE REGIMENTAL BAND ORGANIZED AT THE CAMP

Despite the fact that as soon as the 22nd field artillery, at Camp Gordon, had been successful in organizing a fine regimental band, the transfer of troops took it away from them, and the regiment now has another band, just as good if not better than the first one.

Sergeant Kislow is leader of the new band and was largely instrumental in its organization.

Terpsichorean Club Dance.

More than one hundred invitations have been sent out to the third anniversary dance of the Terpsichorean club, which will be held in the clubrooms, Peachtree and Third streets, tonight.

The dance will begin at 8:30 o'clock and will last until 2 a. m. At midnight a light buffet luncheon will be served, at which it is believed 100 couples will be the guests of the club.

The decorations will be of Halloween design, and the refreshments will carry out this idea, consisting of apple cider and gingerbread.

The dance will consist of 20 regulars and a number of extras. The orchestra is one of the best in the city, and during the period of the dance everyone will forget the cares of everyday life and give themselves wholly to the enjoyment of the Terpsichorean art.

War Taxes and Liberty Bonds

On October 3, 1917, Congress enacted the most far-reaching War Tax Law ever known to the American people. It became immediately effective.

Among the provisions of this Act is a special tax upon the undistributed net income of corporations, including income of the year 1917.

THE NEW LIBERTY LOAN 4% BONDS ARE AT PRESENT THE ONLY UNITED STATES OBLIGATIONS IN WHICH UNDISTIBUTED CORPORATE INCOME MAY BE INVESTED TO BE EXEMPT FROM THE ABOVE TAX. THE IMPORTANCE OF CORPORATIONS INVESTING IN THESE BONDS IS OBVIOUS.

Any amount of the 4% Liberty Bonds not exceeding \$5,000, owned by any individual, partnership, association, or corporation, are also exempt from all taxation, except state or inheritance taxes.

As the details of the numerous War Taxes are of interest to every person earning over \$1,000 a year, and to every corporation, partnership or other concern engaged in business, this bank has issued a complete analysis of the Federal Income and War Tax Laws, which we will gladly furnish upon application.

November Dance List

Hello, My Dearie

One-Step (The Zigfield Folios—1917)
Columbia Record A5986, 12-inch, \$1.25

Old feet become young, young feet take on a new burst of speed when Prince's Band starts up this swinging one-step. This number introduces "Chu Chin Chow," the cymbal-clashing strain to which the girls climb the ladders in the last act of the Ziegfeld Folies. Turn the record over and play "Ching Chong," a one-step that simply won't let your feet behave. Luckey Roberts' greatest success.

Send Me Away with a Smile

One-Step. Columbia Record A5990, 12-inch, \$1.25

Here is a dance arrangement of the song that everybody is humming and whistling nowadays. It's a dance particularly popular just now because it fairly rings with martial vigor. It introduces "You Can't Tell the Mothers from the Daughters," "No, George!" and "Look Me Up When You're in Dixie." The companion one-step on the other side is "Peg O' the Ring."

Castle Valse Classique

Columbia Record A5989, 12-inch, \$1.25

Every lover of the waltz owes a debt of gratitude to Earl Fuller's Rector Novelty Orchestra of Rector's, New York City, for this beautiful waltz arrangement of Dvorak's immortal "Humoresque." The dreaminess of the stately waltz tempo is enriched and enlivened by the merry vibrant notes of the player xylophone. "One Fleeting Hour," introducing "My Dreams," is on the other side.

For the Freedom of the World

Columbia Record A2347, 10-inch, 75 cents

The rolling of drums, the calling of bugles and the blaring of a full brass band fairly pour dash and swing into this one-step. And you simply can't refuse to fox-trot to the time on the other side—"Everybody's Jazzin' It."

In addition to these splendid dance records, the Columbia November List of Dance Hits includes Borbee's Jazz Orchestra in "Paddle-Addle," and on the same record, "The Ragtime Volunteers Are Off to War," (A2363, 10-inch, 75 cents). Better than reading about these dances is to listen to them and dance to them. Ask any Columbia dealer to play them for you.

ON THE LAST STRETCH.

The Liberty Loan campaign has rounded
into the "home stretch," bearing every in-
dication that the minimum total will be
over-subscribed. This applies to the Atlanta
district and to the nation-at-large.

But that is not enough.
With the attainment of the bare amount
of the minimum the maximum effect of the
enterprise would be lost.

The punch would not be there, because
the punch lies in the extent to which the
minimum is passed. The true spirit of the
people is revealed in the surplus!

It is a certainty that the Atlanta district's
minimum will be exceeded. But if this dis-
trict does not at least approximate its max-
imum it will be because it is derelict in its
full duty to the country!

This is one of the most prosperous dis-
tricts in the United States. Banks are pros-
perous, merchants are prosperous, farmers
are prosperous and labor never before com-
manded such wages as it is being paid today,
nor was employment ever before so plentiful.

So let every citizen buy a Liberty Bond
before tomorrow night—preferably today!

As for him who already has one, let him
buy another—and one for each member of
the family if he can possibly meet the initial
payment.

No man could make a better, a safer, and
certainly a more worthy, investment. There
never was devised a better means of "salt-
ing down" ready collateral for that "rainy
day" against which every citizen should
provide.

Buy a bond! And do it today, because
something might occur before tomorrow to
prevent it. And after tomorrow it will be
too late!

Now is your last chance to show the
kaiser what you think of this glorious old
land of ours!

SCORE ONE FOR GRUBER!

In the communication of Mrs. M. E.
Smith, agent of the Atlantic Coast Line rail-
road at Safford, Ga., and in the experience of
the Chi Phi chapter house at Athens, re-
counted in a news report from that city,
both appearing in another column of this
page, "Pete" Gruber, the American "snake
king," seems to have scored a decided ad-
vantage over our esteemed correspondent,
B. F. Rogers, of Jacksonville, Fla., who sees
no good in anything that crawls on its belly.

Here we have first-hand and direct testi-
mony—such as would stand the test of ad-
missible evidence in any court of law—that,
first, a chicken-snake is the wharf-rat's mas-
ter; and second, that rodent pests flee from
premises where a pet snake holds sway.

As to Mrs. Smith's testimony for the de-
fense in the case of Rogers vs. Snakes, it is
that of an estimable Georgia lady, whose
truthfulness and veracity is unassailable. It
is bolstered, furthermore, by reference to
another eye-witness to the battle between
rat and reptile, a Mr. Clements; and also to
two negroes, who likewise were in at the
death of the rat. Mr. Clements' value as a
witness is placed beyond challenge because
of his being a brother-in-law of ex-Senator
John W. Callahan, ex-mayor of the city of
Bainbridge, and that whom no man in
South Georgia stands higher in popular
esteem.

These four witnesses saw snake and
rodent meet on equal terms, and, presumably,
will testify that with a hiss, a squeak, then a
crunching of bone and tissue all was over
but the swallowing!

As for the corroboration from Athens, it
seems immune from impeachment.

Now it is clearly Mr. Rogers' next move.
He says that St. Patrick performed a
service to mankind when he drove the
snakes out of Ireland; that every snake per-
se is a menace; that the whole derelict
species "are enemies of mankind," and that
"it is real good religion to bruise the head
and tail and all, to its utter extermination!"
"Pete" Gruber, on the other hand—and
he is borne out by scientific authority—de-
clares that one "busy snake in a granary is
worth a dozen rat traps," and that "it would

be treason to deprive the country of this
great source of food conservation!"

There we have the issue bluntly drawn
between the "snake king" of New England
and a snake-hater of Florida.

If it can be done without hazard of re-
kindling sectional ill-will, it would be inter-
esting to have Mr. Rogers' presentation of
whatever support he may be holding in re-
serve to substantiate his wide-sweeping in-
dictment. Thus far he has introduced none
other than St. Patrick—which, of course, in-
curs no possible danger of reviving the sec-
tional issue—but even that one eminent,
though ancient, authority is wholly inade-
quate to weigh against the current-day evi-
dence that has already rallied itself to the
support of Gruber and the non-poisonous
reptiles whose cause he pleads.

Whatever Mr. Rogers may have further
to advance upon the side he has chosen to
champion, an unbiased public stands ready
to give him heed; for unquestionably it is
his now either to speak or haul down his
colors!

THE TICK LOSING GROUND.

On the first of next December the tick
quarantine will be lifted from Burke county,
thus giving the cattle growers and farmers
of that subdivision of Georgia an opportunity
to attain their "place in the sun," which
never could be reached under tick condi-
tions. The day should be fittingly cele-
brated by the citizens of that county, be-
cause it will mark a conspicuous milestone
on the path of progress—the completion of
a long stride toward prosperity and the
light!

"That," says F. H. Abbott, secretary of
the Georgia Land Owners' association—

"will leave only Screven, Effingham and
Chatham counties as a barrier between
the sea and the tick-free territory of
north Georgia, where farmers are free
to buy and sell beef and breeding cattle
in the markets of the world."

The work of eradication of the Texas
fever cattle tick seems to be progressing in
Georgia more rapidly and confronted with
less opposition than ever before; which is
all to the credit of the farmers and stock-
men who, earlier in the campaign, mistook
the well-meant activities of federal and
state scientists and experts for encroach-
ment of their personal liberties and consti-
tutional property rights, and resented—in a
few instances with force and dynamite—their
invasion of tick-infested territory.

The quickened progress that is now being
made, however, indicates clearly that edu-
cation is giving ground to reason; that edu-
cation is getting in its work, and that as men
are becoming enlightened they are falling
into line and joining in the forward march.

A news report says that—

Chatham county commissioners have
already appropriated funds to build
dipping vats in that county, and the
progressive farmers of Effingham
county have joined the Georgia Land
Owners' association, in order to obtain
its aid in bringing that county in line,
while steps are being made to extend
the work to Screven, Jenkins, Bulloch,
Bryan and Liberty counties.

This, according to Mr. Abbott—
leaves only Glynn and Camden, of all
the eastern border counties of Georgia,
and I am confident from what I
know of the progressive character
of the members of our association in
these counties that they will fall in
line, even in advance of some of the
other counties mentioned, in concerted
effort to have dipping proceed and the
quarantine raised, in all these counties
at once.

Hundreds of dipping vats, Mr. Abbott
goes on to say, are being built in all sections
of south Georgia by the progressive farmers,
who realize that after the first of January
next they cannot move their cattle to mar-
ket nor to tick-free territory for any other
purpose without running counter to the
Davis-Townsend anti-tick law, enacted last
summer.

Furthermore, the farmers of tick-infested
counties are beginning now to realize that
dipping their cattle means a clear profit of
from \$10 to \$20 a head, and at the same
time it means a saving to the state of ap-
proximately \$15,000,000 worth of meat and
milk.

Steps are said to be under way in Glynn
and Camden counties looking to an early
crusade against the tick on an intensive
scale; and if the citizens of all of the coun-
ties still under the quarantine ban will man-
ifest the proper spirit of progress and enter-
prise and enlightenment, the tick will be a
thing of the past in Georgia within the time
limit of two years, fixed as the goal of the
Georgia Land Owners' association.

And they are going to "exile" the poor
little ex-car. He seems pretty well exiled
already. They probably mean to throw him
out and ship him off somewhere.

Still, if the man who "knows how to run
the government" has a war bond about him,
he at least has a basis to work on.

The real wild-man-o-the-woods is the
kaiser, running to his war fronts.

The slacker knows more about the war
"loaf" than any of 'em.

Germany is ready for a few more Hinden-
burg "strategic retreats."

Can't blame the home-furnace for playing
a freezeout game.

Rally to the bonds, boys—rally to the
bonds; wave 'em in the battle-breeze of
Freedom!

This loan is "The Victory Loan." The
very word should be a winner!

The sultan can't relieve that shortage of
tobacco in Germany, as the kaiser has made
him smoke up.

Here's hoping coal will drop down to see
us in time to tell the old tales by a winter
fire.

JUST FROM GEORGIA

On Prayin' Ground.
When prices rise ter hit de
skies,
Po' man don't feel fer-
givin'!

But 'tain't no harm fer ter
ax de price
An' thank de Lawd you's
livin'!

Ter thank de Lawd.
On de way you boun'.
You on pleadin' terms
An' prayin' groun'.

De sweet'nin's short w'en you pass de cup,
An' Hongry hollows rowdy;
De fatter 'possum's higher's up
An' he won't come down fer Howdy!

But thank de Lawd
On de way you boun'.
You on pleadin' terms
An' prayin' groun'!

Light on the Subject.
"Dar's always a way ter git 'roun' trouble,"
said Brother Williams. "Fer instance, ef I
was ter meet Satan in de big road I'd take
ter de woods."

"But what ef de woods was on fire?"
"Well," was de reply, "coals mighty high
now!"

It the Mettle's in the Hoos.

Brisk race is a-callin' fer the runners ter
begin it.
Only way is—say today, you've got the hoos
to win it!

Thinkin' 'bout the loos—
River that's to cross!
Purty sure to git that ef de mettle's in the
hoos!

Free-for-all, an' welcome—an' yer faith is
fer de provin'.
Fore you meet the mountains even the moun-
tains will be movin'!

Sure to leap the loos—
The river that's to cross—
Purty sure to git that, ef de mettle's in the
hoos!

Get It on 'Em This Time!

"Of course, ef the column doesn't appear
tomorrow it will be easy to jump to con-
clusions," says George Bailey.

"But the fish are hittin' at Lynchburg.
Fryers are sellin' at 18 cents a pound in
Brenham, the Phillips House at Angleton is
servin' sure enough square meals at four bits
per, and a lake full of bass is close by, the
Rosenberg pie foundry has resumed opera-
tions and is runnin' at full tilt, the Dallas
fair is in operation and we have been sum-
moned as a witness before the grand jury in
Galveston. We are clearly entitled to the
benefit of the doubt."

His Petition.
Gimme de head what's level,
Wid judgment sho' an' quick.
Slick fer ter beat de devil,
An' dat's bein' mighty slick!

The Charlotte News man thinks that "at
the present price of pigs feet the owners
could well afford to throw in a pair of silk
bedroom slippers."

Autumn, in your gown of gold,
Don't hold your head so high—
A rainbow'll knock your hat off
Whilst it's runnin' 'roun' de sky!

Oh, fer fire to thaw the "frost on the
pumpkin," and ple to put the pumpkin in!

The Home Swager Stick.

This from the paragrapher of The Mem-
phis Commercial Appeal:
"Style change; these meatless days
Make appetites all balk,
And when ma sports a swager stick
The youngsters walk a chalk."

The testimony of a British soldier writing
from the Garden of Eden is that "it's a bum
place," and he doesn't blame Adam for get-
ting himself thrown out!

No Chance.

"I speaks wid what dey calls 'authority,'"
said Brother Williams, "w'en I tells them
what needs ter know it, dat hell don't freeze
over in de winter time, an' it's ex hot ex
usual in summer."

Wharf Rat No Match for

Chicken Snake, Says Woman

Onlooker at Fight to Death

Editor Constitution: I have just read the
article signed B. F. Rogers, on the editorial
page of The Tri-Weekly of October 20, and
will say I am not writing in defense of
snakes, for I agree with Mr. Rogers in most
of his statements, but he errs in saying the
so-called chicken snake will not attack a
large rat, for he has witnessed a large snake
depot at this place, and a Mr. Clements, brother-
in-law of Mayor J. W. Callahan, of Bain-
bridge, and two negroes were in the freight
room at the time and will bear witness to
this statement. The depot was infested with
snakes, and a number of chicken snakes
wharf rats were in the freight room, and
the depot was infested with snakes, and the
depot was burned four years ago and since
the present one was built I've had no experi-
ence with either rats or snakes. Mr. Rogers
has evidently had little experience with field
mice, which are or were numerous here, and
until we poisoned them we could not grow
watermelons. They destroyed the seed be-
cause they were in the soil forty-eight hours.
Yours truly,

MRS. M. E. SMITH.

Agent A. C. L. R. Co., Safford, Ga., October
22, 1917.

Pet Snake at Athens Frees House of Rats.

Athens, Ga., October 25.—(Special.)—As
an interesting contribution to the Shufeldt-
Rogers controversy now going on as regards
the killing of harmless snakes, the Chi Phi
chapter house here has had an experience
that presents conclusive evidence on the side
of the harmless snake.

William L. Moore, Jr., of Atlanta, a student
of the Agricultural college, captured a harm-
less snake a few weeks ago and brought it
to the chapter house. The snake has since
become a pet among the boys of the chapter
house. They play with it, and the snake
appears to know that it is in the hands
of its friends, and is especially fond of its
young master.

Now the strange thing is that since the
snake was brought to the chapter house there
has been less trouble from mice than ever
before. When the snake was brought into the
house the mice were out, and the snake
appeared to know that it was in the hands
of its friends, and is especially fond of its
young master.

Now the strange thing is that since the
snake was brought to the chapter house there
has been less trouble from mice than ever
before. When the snake was brought into the
house the mice were out, and the snake
appeared to know that it was in the hands
of its friends, and is especially fond of its
young master.

Now the strange thing is that since the
snake was brought to the chapter house there

HEALTH TALKS

BY WILLIAM BRADY, M.D.

A WOMAN TAKES THE PULPIT.

There is one subject for which there has
been watchful waiting in our family," writes
a woman doctor, "and on which you have
not yet touched. I refer to the unsymptomatic
condition of the various meat shops, groceries
and bakeries. Namely, the universal
loathsome and disgusting habit of clerks,
moistening their fingers in their mouths in
order to get a better grip on the paper they
use to wrap goods, and so on."

"I stepped into a large meat shop the
other day to purchase some boiled ham for
sandwiches. The young lady who wraps such
parcels gave her fingers a veritable bath with
her saliva before she wrapped up my parcel.
One does not resent the practice so much
when buying meat or other foods which re-
quire cooking, outside of the meat filthiness
of it. But when buying something to be
eaten as it comes, it seems a rather risky
thing. Won't you please give a vigorous
preachment on the subject, for if it is not
stopped we shall be driven to living on nuts
and bananas (the food in the sterile package)
the rest of our lives."

Well, my merchant in this city, or, for
that matter, any merchant in this city, North
America, who can read the lady's remarks
and still permit his clerks to use their
mouths for wash basins, ought to be boy-
cotted by all cleanly people.

The lady said much more, equally to the
point. Among other things she commented
upon the conspicuous absence of running
water and soap and towels in such shops
as she has found conducted in an uncleanly
way. This is indeed remarkable. You will
see plate glasses, white enamel, even nice white
coats, caps and other pretty things that make
a noise like cleanliness in such places, but
nary a basin and nary a tap or towel in
sight in the shop.

Dirty hands in food emporiums are com-
mon and disgusting enough. Gratuitous
saliva with the patron's purchase is certainly
a hard dose to swallow.

Shopkeepers, let's apply the first rudiments
of cleanliness, even if we have to make
the help wear muzzles while at work.

QUESTIONS AND ANSWERS.

The Old Butterbalm Idea.

Is butterbalm good for a rundown condi-
tion or for a nervous person? Please give
your opinion about the following: A boy
aged 13 years is threatened with hernia, and
has a weak trunk for a year without apparent
improvement. The family physician urges
that he continue with the truss a few more
years in the hope that the hernia may dis-
appear entirely, but the dealer who fitted the
truss advises operation. What should be
done?

ANSWER.—1. Butterbalm is a wholesome
beverage. I cannot say that it would be
better than plain milk for the health. 2. The
family physician probably has some good
reason for being in no hurry about the opera-
tion. The truss fitter of course knows nothing
of the merits of the case, his business is
mechanical. You wouldn't let a hat-fitter
advise about an operation on your skull.

Removing Bumps and Scars.

1. How can bumps be removed from the
face? 2. How can scars be removed from the
face? (J. H. G.)

ANSWER.—Unless by plastic surgery, that
is, an operation followed by skin grafting,
I am unable to say that such blemishes can
be removed at all. You should seek the ad-
vice of a surgeon.

Dr. Brady will answer all signed letters
pertaining to health. Writers' names are
never printed. Only inquiries of general
interest are answered in this column. All
letters will be answered by mail if written
in ink and a stamped, self-addressed envelope
is inclosed. Requests for diagnosis or treat-
ment of individual cases cannot be considered.
Address: Dr. William Brady, in care of The
Constitution.

The Belgian Balance Hangs

On Short Thirty-Mile Front

Washington, October 25.—(Special.)—"Per-
haps in no other war in modern history have
a few miles counted for as much in the
scales of victory as in the present contest
in West Flanders," says a bulletin issued here
today by the Bureau of Geographic Informa-
tion of the National Geographic Society. "The
distance which separates the allied forces
from full control of the coast of Belgium is
only thirty miles. Possession of these thirty
miles of coastline would not only wipe out
the German submarine bases in Belgium, but
it would also give the allies a new front upon
which to attack in an effort to drive the
enemy out of Belgium and northern France.
Possession of this coast, therefore, would be
a double victory to the allies, sorely hamper-
ing the enemy's submarine operations, and at
the same time affording an opportunity to
roll up his right flank on land."

"Nowhere else may be found a more strik-
ing contrast between peace and war than
that afforded by the Belgian coast in 1913 and
in 1917. Practically the entire coastline in
normal times is given up to the pleasures of
the seaside cities and resort towns. La Panne,
Coxsede-Plage, Oost-Dunkerke, Nieuport-
Bains, Westende, Middelkerke, Le Coq-sur-
Mer, Wenduine-sur-Mer, Blankenberge,
Heyst-sur-Mer, and Knokke-sur-Mer, are all
places which remind one of the seaside cities
of New Jersey. Of these, Oost-Dunkerke,
Nieuport-Bains and Blankenberge are the most
picturesque."

"In these Atlantic Cities, Cape May and
Asbury Parks of Belgium, laughter and hap-
piness reigned with a care-free abandon that
only European resorts could know, while to-
day war, on land, under sea and in the air,
harries the souls of the few brave people who
still remain there."

"Between La Panne and Oost-Dunkerke is
the Houze-Blikker, 165 feet high, the high-
est point of the Belgian dunes, and also the
widest point. Just outside of Nieuport-Bains,
in the village of Lombarderie, there is a
celebrated figure of the Madonna, held in
high veneration by Flemish fishermen from
time immemorial, and to which the Flemings
are today addressing their appeal that the
land shall be liberated from the iron heel of
the enemy."

"Oostend is famous not only as a seaside
resort, but for its great fishing trade in normal
times, and for its oyster parks. Oysters in
large numbers are brought here and kept in
clarified sea water. The visitor may order
his plate of shell fish right out of the water.
"Should the allies get control of the coast
of Belgium as far inland as Bruges, they
would come into possession of a splendid
system of canals extending from France to
Flanders, and thence by way of Nieuport,
Oostend and Bruges. There is also a canal
from Bruges to the coast near Blanken-
berge, another to Ghent, and a third to the
waterway connecting Heyst with Ghent. A
railroad parallels the coast, all the way from
the French border to the Dutch frontier."

"West Flanders, where the big English
smash is now on, is generally flat and low,
and for its oyster parks. Oysters in
large numbers are brought here and kept in
clarified sea water. The visitor may order
his plate of shell fish right out of the water.

GERMAN ARMY OFFICERS ARE LOSING GRIP ON MEN

In One Instance Soldiers Executed Their Leader Because He Refused to Surrender.

With the British Armies in France and Belgium, October 25.—(By the Associated Press.)—The consolidation of the positions won by the allies in Monday's attack was being rapidly completed today under a bright sun which is mitigating somewhat the difficulties of the work in the morass-like ground. Active artillery fire marked the night in the region to the east and north of Ypres.

The British big guns have never ceased to pour a devastating fire into the German positions along the Flanders battle front, and the enemy has responded vigorously. Last night the Germans directed a heavy fire against the sector between the Ypres-Menin highway and the Ypres-Roulers railway and also concentrated on the Gravenstafel heights, which are on the Gravenstafel ridge, southwest of Passchendaele.

Shortly before dark last evening the enemy launched a counter attack against the British to the south of Houtholst forest, near the junction with the French, but this was repulsed with machine gun and rifle fire. Both the French and British were holding their new positions in this difficult territory on the edge of the forest strongly.

German Statement False.

The assertion in the German official statement that the British on Monday had also attacked on both sides of Gheluvelt and were repulsed, is entirely erroneous, as no such attack was made. The British offensive was confined to operations along a narrow front several miles north of Gheluvelt. The report that British troops had

found a German officer who had been executed by his own soldiers, the body having the hands bound behind the back, has been confirmed. The incident occurred at a redoubt south of Poelcapelle during the recent fighting. There were 14 German soldiers and young officers holding this place. When the British troops stormed this redoubt the German soldiers surrendered and the British found the dead officer with five bullet wounds in his body. The reason for his execution was that the man refused to surrender, and he refused to give up his stronghold without a struggle.

This affair is another link tending to substantiate statements made by prisoners that the German officers commanding certain bodies of troops along the Flanders front are losing control over their men. There is no doubt that there has been a very considerable deterioration in the morale of many of the German troops in this region. But the German fighting machine is recognized as still being a powerful one.

Officers Losing Grip.

One non-commissioned officer belonging to the Tenth Bavarian division, who was captured about the middle of October, asserted, as had other prisoners before, that the officers were losing their grip on the men. He said that desertions in the rear were very frequent, and cited the case of 13 men of his own company who had deserted a fortnight before, declaring they were going home. Some of them were arrested on the way, but others actually reached their homes.

Four of these men were brought back to their company as prisoners, but the officer did not know whether any of them had been punished. He added that this was not an exceptional case.

An equally interesting statement was made by a captured officer of the guard reserve division, who had joined his regiment in the middle of October. He declared that the morale in German divisions was very bad and that the civilians were raising an outcry as to why the war was being prolonged. Throughout the captivity, he said, there was talk of an end to the Hohenzollerns and the establishment of a republic. The morale in his own division he characterized as bad, although formerly it had been good.

This officer further said that the authorities had already called up the 1920 class in Brunswick, Germany was suffering from a serious shortage of horses and there was a great scarcity of canvas, as a result of which the manufacture of tents had virtually ceased, huts being erected instead.

Another officer prisoner had charge of the guard in a prison camp. There were British, French and Russian prisoners there. The food was not good, he said, and a number of deaths had occurred from "hunger and typhus."

WILL SELECT ATLANTA AVIATION CAMP SITE

J. R. Smith, who went with the Atlanta committee to Washington to urge upon the war department the Gwinnett aviation camp site, was back in Atlanta yesterday with the prediction that Atlanta will succeed in getting an aviation camp.

Lieutenant Colonel Edgar and his committee on aviation field construction and camp site location, will visit Atlanta on November 8, Mr. Smith said, to inspect the proposed site.

Due to Georgia Tech having been selected as a school for aviation, Mr. Smith believes the chances of Atlanta securing an aviation camp have greatly been augmented and probably "clinched."

DEATH TAKES DEVELOPER OF FINGER PRINT SYSTEM

London, October 25.—Sir William James Herschel, discoverer and developer of the system of identification by finger prints, died yesterday.

Sir William James Herschel, who was born in 1833, served in the civil service in India from 1855 to 1878. He discovered the use of finger prints for identification in 1859, and in 1878 initiated this means of identification for civil purposes in Bengal. He was the author of "The Origin of Finger Printing."

Needs of Army Hospital Described by Atlantan

"Just how much the hospitals in France need all Red Cross supplies we can send them," said Mrs. Richard W. Johnston yesterday morning, who is one of the steadiest workers at the workrooms, 15 Peachtree street. "It is suggested in a letter from Miss Edith May, who is one of only about a dozen women who have been granted permission to visit the devastated French towns after their evacuation by the Germans in their early spring retreat. Miss May went on a tour of inspection for the French emergency relief fund, of which the Duke of Connaught is president."

"She gives a vivid description," said Mrs. Johnston, "of the awful destruction in these towns and of the condition of the people left in them, mostly old people and children, all trying to work, but practically dependent for food on the relief funds. I saw nowhere any young women, says Miss May, 'except the few who had very young babies, and the Boches left them because they would only find them an impediment.'"

"Of the hospitals she writes: 'When we reached Noyon and Ham and began to visit the hospitals, I did not feel as helpless as I have felt ever since coming into the region. Here was something I knew about, and something I felt we could perhaps help. I will not go into details—it would only hurt you. The men were, of course, the gravely wounded; in one ward of one hospital they were all condemned. Nowhere did we find any pillows, nowhere any rubber cushions, nowhere any back-rests. In one hospital a man

GEORGIANS URGED NOT TO SELL CORN OUTSIDE GEORGIA

While the state market bureau is receiving inquiries for corn from various parts of the country, the bureau advises against Georgia farmers selling their corn outside the state for the reason that it appears that, if Georgia corn is sent out of the state now it will be necessary later on to buy corn outside the state and bring it in to supply the Georgia demand.

The State Bureau of Markets is in receipt of the following telegram: Bureau of Markets, Georgia, Department of Agriculture, Atlanta, Ga. Wanted 50,000 bushels of corn in sacks. Can we get it, and at what price? Wire at once at our expense.

CHAS. J. MUELLER, Sales Agent Denton County Farmers' Union, Yorktown, Texas, October 24.

The state bureau holds that there is need in this state for all the corn raised in Georgia, and that it would be an uneconomic policy to attempt to ship corn to Texas and then have to replenish later from other parts of the country.

Any one interested in the above telegram will communicate with the state bureau.

SALESMEN WILL HOLD LIBERTY BOND MEETING

The occasion of the next regular meeting of the Salesmen's Club of Atlanta will be a 60c luncheon at the Hotel Ansley today, at 12:30 noon to 1:30. This is to be a Liberty Loan rally and the meeting will be presided over by Walter C. Hill, president.

Everybody is urged to be on hand, the speakers being W. C. Wardlaw, of the federal reserve bank; St. Elmo Massengale, who is chairman of the publicity committee on Liberty Bonds; and C. V. Hohenstein, of The Atlanta Georgian. Everybody is urged to be on hand promptly. This meeting is open to the public. All who are interested in Liberty Bonds are cordially invited. Reservations should be made to Chester A. Ragland, 259 Peachtree street, either by telephone or card.

CAMPAIGN IN MARIETTA OPENED BY GOVERNOR

Great Enthusiasm at Celebration, and City Starts With \$1,000 Subscription.

Marietta, Ga., October 25.—(Special.) A whirlwind Liberty Bond campaign was begun here tonight with one of the largest open air demonstrations ever staged in Cobb county. Governor Hugh Dorsey was the principal speaker, and launched the campaign amid

great enthusiasm on the part of the thousands of people gathered. The celebration was framed around a big bonfire on the public square, and Governor Dorsey spoke from the courthouse steps. He was introduced by Solicitor Clay, and the speaker delivered a powerful patriotic address on the duty of the citizen to back the war for democracy by the purchase of the government's securities.

Among the other speakers were Colonel Fred Morris, Rev. Dr. White and Mr. Oglesby, of Quitman, who drove over to Marietta with the governor. Mr. Oglesby is a native of Cobb county, though he lives in Quitman now, and he said that he is anxious to see Cobb county make a fine record in subscriptions for the bonds. Three of Mr. Oglesby's brothers from Cobb county fought in the civil war, and Mr. Oglesby now has three sons in this war.

Chairman Massey, of the Liberty Bond committee, appointed a committee of twenty well-known citizens, who will begin an active whirlwind campaign Friday morning and before the last hour of the opportunity Marietta may be counted upon to do her part nobly in the purchase of bonds.

NO NAVAL ACTIVITY IN RUSSIAN WATERS

Helsingfors, Tuesday, October 23.—There has been no naval action in the Baltic or the Gulf of Finland during the last two days. The Russian fleet is guarding vigilantly the entrance to the Gulf of Finland. It is not believed that Helsingfors is menaced by the German successes in the Gulf of Riga. No measures of evacuation have been taken except that the families of officials have been advised to leave the Finnish capital, owing to the scarcity of provisions.

Smart Suits

If you are looking for a Suit of Smartness—a Better Suit—a Suit that will give you a Prosperous Appearance—a Suit made of latest and best materials—then drop in today and see our New Line of

Stein-Bloch Suits

Conference Delegates and Guests To Be Seated at Driving Club Luncheon

After the morning session of the southern sectional war work conference, the following distinguished women will be the guests of the council at the luncheon, the guests of honor to be Mrs. Josephus Daniels, wife of the secretary of the navy; Mrs. William Adams Brown, of New York; Mrs. Dave

Hennen Morris, of New York, and Mrs. Duval, wife of General Duval. Field Secretaries of the National Council: Misses Mary McElroy, Van Linder, Margaret McKelley, Ester Anderson, Mary Scott, all of New York; Miss Amy Smith, of Richmond, Va.; Miss Ernestine Friedman, of New York; Miss Leona McGeorge, of Richmond, and Miss Helen Davis, executive secretary of the National Y. W. C. A. War Work Council. Delegates and Guests from South Atlantic Section.

Medesans Billups Phinley, M. A. Lipscomb, Frank Lipscomb and Miss Mildred Rutherford, of Athens; Mrs. W. T. Anderson, Macdon; Medesans George Mail, Rufus Turner, Joel Wien John White, Morton and W. F. Watson, of Athens, Ga.; Miss Mary O. Graham, Raleigh, N. C.; Mrs. R. H. Barnett, Jacksonville, Fla.; Mrs. Charles Phinley, Augusta; Miss Martha Berry and Mrs. Sproul Fourche, of Rome; Mrs. Thomas Barrett, Augusta; Mrs. Helen Shaw Howard, Macon; Mrs. Charles Hall, Macon; Mrs. H. J. Haynesworth, Greenville, S. C.; Misses Ester Anderson and Mary Scott, of St. Louis; Mrs. J. H. Grenshaw, Montgomery, Ala.; Mrs. Brinkley Snowden, Memphis, Tenn.; Mrs.

Mr. William Oakes to Wed Miss Stoddard of Oyster Bay

Mr. George Buchanan Stoddard has issued invitations to the marriage of his daughter, Gertrude Cecilia, to Mr. William Cavendish Oakes, on Wednesday, November 7, at 7:30 o'clock in the evening, at his residence in Florence Park, Oyster Bay, Long Island, N. Y. The marriage will be one of cordial social interest in Atlanta, Mr. Oakes

having made his home here for two years. He is junior member of the Hubbell-Makes Motor Company, and one of the most successful and popular figures in the southern automobile field. After a brief wedding trip, Mr. Oakes will bring his bride to Atlanta, and on the completion of the Bridaltrip will reside in Druid Hills, where they reside there.

Frank R. Ghehrst, Laurel, Miss.; Mrs. N. S. McLeister, Birmingham, Ala.

Atlanta Chapter War Work Council. Mrs. Emily McDougall, Mrs. Sam Inman, both members of the National War Work Council; Medesans E. P. McBurney, W. S. Foster, E. H. Goodhart, W. D. Grant, Frank Hawkins, William Healey, Henry Helms, Frank James, Edward Inman, Miss Pitts, Medesans Preston Arkwright, Spenser Atkinson, E. Boykin, Elizabeth Bates, Phinley Calhoun, Cobb Caldwell, Hugh Dorsey, Archibald Davis, Plato Durham, Beaumont Davison, Jesse Draper, James L. Dickey, J. K. Orr, J. G. Oglesby, F. J. Paxon, W. R. Prescott, Hugh Richardson, Janet D. Robinson, Alonzo Richardson, J. M. Elliott, Harry L. Stearns, John Spaulding, Alex W. Smith, A. Leith Thompson, Lake Johnson, Victor Kriegshafer, William H. Kiser, Porter King, R. J. Lowry, Samuel Lumpkin, W. L. Moorehead, Mrs. A. R. McEachern, Henry Miller, John E. Murphy, A. McD. Wilson, David Woodard, Mrs. W. W. Weyman, Ernest Woodruff, Misses Isma Dooly, Genevieve Saunders and Pitts.

Members of Atlanta Y. W. C. A. Board. Mrs. Archibald Davis, Mrs. F. M. Robinson, Mrs. H. H. Tucker, Mrs. Philip Weitzer, Mrs. Emily Morris, Mrs. A. R. Jackson, Mrs. D. L. Carson, Mrs. J. P. Averill, Mrs. A. McD. Wilson, Miss Genevieve Saunders, Mrs. Alfred Newell, Mrs. A. R. Albright, Hugh Willet, Mrs. S. Clayton Callaway, Mrs. Prince Welton, Mrs. Plato Durham, Mrs. Sue Hill, Mrs. James Bedell, Mrs. E. H. Goodhart, Mrs. James D. Allen, Miss Willie Noss, Miss Isoline Campbell, Mrs. Thorswell Jacobs, Mrs. E. P. McBurney, Mrs. Beaumont Davison, Mrs. W. A. Albright, Miss Sarah Bell, Mrs. Clem Harris, Miss Mary Murphy, Mrs. Mel Wilkinson, Mrs. J. H. Grenshaw, Mrs. W. W. A. — Miss Irma Finley, general secretary; Misses Shepherd, Sammis and Moseley. Atlanta war council members serving on committees will be present, also other Atlanta invited guests.

Where War Council Guests Are Stopping. Mrs. Josephus Daniels, wife of the secretary of the navy, is the guest of Mrs. Sam Inman. A notable visitor will be Mrs. William P. Duval, wife of General Duval, who will arrive from Charleston, S. C., Thursday afternoon, to attend the conference. Mrs. Emily McDougall will have as her guests Mrs. C. C. Harrold and Mrs. Edward Harrold, of Macon. Stopping at the Georgian Terrace are Mrs. William Adams Brown and Mrs. Dave Hennen Morris, of New York; Miss Helen Davis, wife of the secretary of the navy, is at the Ansley; Miss Elizabeth Macfarland, of St. Louis, executive secretary for the southern central field committee, is at the Ansley; and Miss Margaret McKinley, of the National War Work Council, is also at the Ansley.

Patriotic League Holds Rally Tonight.

The thrilling event for girls is the Patriotic League rally that is to be held tonight, 8 o'clock, in the Y. W. C. A. gymnasium at the Ansley building, over 1,000 girls to be present, representing the different units that compose the Atlanta branch of the national Patriotic League organization. An interesting program has been arranged for the evening, the chairman of the auxiliary units, Miss Charlotte Dillingham, presiding. The opening number will be the 1,000 girls singing "America," after which Miss Dillingham will introduce the chief speaker of the evening, Miss Helen Davis, who is in the city to attend the southern sectional war work conference. Miss Davis is executive of the National War Work Council Y. W. C. A., and will talk to the large members about "What Girls Can Do to Help in War Work in This Country." Mrs. Preston R. Arkwright, representing the Red Cross, will tell the league girls what they can do to help in Red Cross work, after which Mrs. Dunbar Roy, chairman of the Atlanta branch of the League for Service, will tell the girls what they can do in the national league. The program will be varied by several musical numbers, refreshments to be served during the evening. Miss Dillingham, assisted by the two local Y. W. C. A. extension societies, will introduce the league girls to the honored guests of the rally, Miss Helen Davis, Mrs. Preston R. Arkwright and Mrs. Dunbar Roy.

Call for Sweaters.

Mrs. E. B. Gay asks, "What do all who have sweaters given out by her for the Colonial Dames and Junior Red Cross will please return them finished with her at once in order that she may turn them in at headquarters."

For Camp Gordon Y. M. C. A.

A request is made for late magazines, books or other records for the First Baptist Y. M. C. A. building at Camp Gordon. Growing plants to brighten the interior of the building will also be acceptable. By communicating with Mrs. W. A. Parker, chairman of any contributions will be sent for.

Matinee Party.

Mrs. W. G. Lamb entertained at a matinee party yesterday afternoon at the Lyric in compliment to Miss Ruth Lamb, a bride-elect. The guests included Miss Lamb, Miss Avalon Morris, Miss Josephine Fogz, Mrs. T. A. Cook and Mrs. Charles Roper. Miss Avalon Morris will entertain at a buffet supper this evening, following the church rehearsal, in honor of Miss Ruth Lamb.

National Leaders Arrive.

Mrs. Josephus Daniels, wife of the secretary of the navy, arrived in the city this morning and is the guest of Mrs. Samuel M. Inman, chairman of the women's committee Georgia division, Council of National Defense. Mrs. Daniel comes to speak before the war council of the Young Women's Christian association meeting here today. In response to the urgent request from military authorities made to the Young Women's Christian association to increase the war work that is being done to meet the needs of women and girls in war centers, Mrs. Emily McDougall, chairman of the Atlanta War

Work Council, Y. W. C. A., also chairman of the committee of conference arrangements, has with her committee, arranged a program for Friday's meeting of the National War Work Council that will give the National War Work Council delegates and the delegates and representatives from the south Atlantic section coming to the conference to serve on the Georgia state war work council, Y. W. C. A., a forenoon idea of what must be done by women throughout the country to meet the request made by the military authorities.

The program follows: Greetings—Mrs. Sam Inman, chairman Georgia division, Council of National Defense. Devotional—Miss Amy Smith, executive secretary south Atlantic field committee.

The National Y. W. C. A. War Council and Its Relationship to Other Organizations—Mrs. William Adams Brown, National War Work Council, New York city.

Sectional War Work—Miss Ernestine Friedman, special worker National War Council.

Work in Colored Communities—Miss Adela Ruffin, special worker National War Council.

National Program of the War Council—Mrs. Dave H. Morris, chairman financial department national board, New York city.

Our World Program—Miss Helen A. Davis, executive secretary National War Council, New York city.

The Challenge of the Hour—Miss Mary McElroy, foreign department National board, New York city.

Adjourn for luncheon.

Afternoon session.

Mrs. William Adams Brown presiding.

2:30—Social Morality in War Time—Mrs. Josephus Daniels.

2:45—The Service of the Volunteer Worker—Mrs. Dave Hennen Morris.

3:00—The Method of Appeal—Miss Esther Anderson, financial department national board, New York city.

3:30—State Programs for War Finance Effort.

4:45—Meetings of state groups.

4:15—Closing Message—Mrs. Dave H. Morris.

Subjects of Speakers.

Mrs. William Adams Brown will tell how the War Work Council is co-operating with other organizations. Miss Ernestine Friedman will show that the south Atlantic section, including the states of Virginia, North Carolina, Georgia, Florida and Alabama, because of climatic conditions, have more military camps with accompanying hostess houses and other centers of work, than any other section of the country, the result being that the War Work Council is spending more of their budget in this section than any other throughout the country.

Mrs. Dave H. Morris will relate the scope of the war council's work, while Miss Helen Davis will tell of the war council's work among the allies, the slogan being "Making the World Safe for Women."

Miss Mary McElroy will tell the representative women of the conference of the responsibility of women of today in meeting the needs of girls and of facing the actual situation.

Mrs. Josephus Daniels, wife of the secretary of the navy, with her broad knowledge of war conditions of today and telling reasons for the Young Women's Christian association having swept the country in the appeal for conference of women in all sections of the United States to meet the request of military authorities.

Program for Saturday.

Though not completed, the war council will visit the hostess house at Camp Gordon Saturday. Miss Ray Kellogg, New York chairman of the hostess house under construction always interests women, and as a matter of course the war council members will enjoy a trip to the Camp Gordon hostess house in its half-finished state.

Leaving Atlanta, the council will visit Chattanooga and other war centers, the hostess house at Chattanooga being completed.

Contralto Sings for Soldiers

Christine Miller, the contralto, whose success this season is verging on the sensational, and who will be heard at the Atlanta theater November 15, has recently returned from a tour of the western Canadian provinces, which was one of the most successful ever undertaken by Miss Miller.

Musical America, in its current issue, says of this tour:

"In Winnipeg, where the first concert was given, the audience was one of the largest ever assembled, although the city is visited annually by the foremost operatic and concert artists. In Regina, Miss Miller sang before the lieutenant governor of the province of Saskatchewan and the vice-regal party. Regina being the capital city and the headquarters of the Royal Northwest Mounted Police, the audience was a distinguished one and enthusiastic in its applause."

Calgary, at the foot of the Rockies, was the next stop, and here Miss Miller was given an informal reception, all the musicians of the town calling to express their appreciation of her work. At Edmonton, Alberta, Miss Miller visited the Strathcona Military hospital and the Convalescent hospital, where the patients were all wounded Canadians who had seen service in France. In both places she sang, embodying in her program "Annie Laurie" and "The Marseilles" during the singing of the latter of which, such of the soldiers as could do so, stood at attention. In the evening Miss Miller sang at the Auditorium, making an especial success with the aria from Tchaikovsky's "Eugene Onegin" and "The Swan Lake" and "Indian Serenade."

Atlanta Chapter, U. D. C.

An unusually large meeting of Atlanta chapter, U. D. C., took place yesterday afternoon at the Capital City club, with Mrs. T. T. Stevens presiding. Mrs. Robert Blackburn, corresponding secretary, read several letters and Mrs. Stevens instructed the delegates to the state convention, Mrs. L. C. Mathews, treasurer, made a fine report and received applause. Mrs. J. C. Henderson reported a new member, Mrs. Lillard, who was given a hearty welcome.

A resolution was made that a letter of sympathy be sent Mrs. Dalton Mitchell on account of the illness of her daughter.

Mrs. A. O. Woodward spoke of the kindness of the firms of Davidson-Paxon-Stokes and the Capital City laundry, the former in displaying the lunch cloth made by Mr. Glazier, of the Confederate Soldiers' home, and the latter pressing the lunch cloth.

Lieutenant Murphy, of Camp Gordon, made an earnest appeal to the chapter to buy Liberty bonds.

Mrs. W. B. Fife-Smith, chairman for Liberty bond sales for the chapter, made a stirring speech on the work already accomplished along this line and urged the members to renewed activity for the last days of the campaign.

Mrs. Horace H. Hawkins, of Kalamazoo, Mich., wife of Mr. Hawkins, in charge of the aviation corps at Georgia Tech, was introduced and given a cordial greeting.

Mrs. A. McD. Wilson spoke graciously of Mrs. Hawkins, who was given a rising vote of appreciation for her generosity in subscribing \$5,000 in Liberty bonds through the Atlanta chapter, U. D. C., also for the gift of an equipment for one hospital patient.

Mrs. Stevens made the announcement that next Tuesday there would be a house-to-house canvass by officials appointed in the interest of conservation.

Mrs. James Bedell made a beautiful report on her work visiting the sick soldiers at Fort McPherson and their keen appreciation of flowers given them.

Miss Salie Melone spoke of the pleasure that books and magazines

given the soldiers, especially the new magazines. Mrs. Stevens announced the gratifying fact that Mrs. W. S. Coleman, first vice president, had been chosen to respond to the greetings at the coming state convention at Columbus. Miss Lillian Tidwell, who with Mrs. Harry Ellis form a committee for Georgia flag, reported a contribution from the Atlanta chapter sufficient to purchase the flag.

Mrs. Stafford Seedell, chairman of educational work, was then introduced and took the chair, presenting the Misses Todhunter, of Lanier university, who played two violin and piano numbers, by Fritz Kreiser, with exquisite taste.

Mrs. William Hurd Hillier talked of the Winnie Davis memorial at Athens and the great good accomplished there by the Daughters of the Confederacy. Mrs. Charles Loridaus read a letter giving in detail the conditions and environments of Rabun Gap and the

school supported by the Daughters. Mrs. Henry Fennell read of the good accomplished through the Helen Plane endowment plan. Mrs. Lucien Knight gave a brilliant number for piano by Liszt. Among the distinguished guests present were: Mrs. R. H. Hawkins, of Kalamazoo, Mich.; Mrs. Toole, of Windsor, and Mrs. Brown.

MRS. WILL C. KING.

BUT ONE FRENCH SHIP SUNK DURING WEEK

Paris, October 25.—Only one French vessel was sunk by a submarine or mine during the week ending October 21. The vessel lost measured under 1,600 tons. Four vessels were attacked unsuccessfully by submarines.

What is the most economical cooking fat?

When you step into your grocer's you find different shortenings—quoted at different prices. You may want to know which is the truly economical shortening.

The prices don't tell.

Some shortenings will go much farther than others.

For instance:

Many careful housekeepers have found that Cottolene goes very much farther than other shortenings which they had been using.

The reason?

It is very much richer.

Cottolene contains no water. It is always uniform in quality.

You will find, too, that pure, economical Cottolene gives to biscuits, cakes, pies and fried tid-bits a delicate flavor that even expensive butter might well be proud of.

The unusual richness of wholesome Cottolene makes its economy a true economy.

In baking, use one-third less of Cottolene than you have ordinarily used of other shortenings.

Remember that the next time you order from your grocer. Remember, too, that he can supply Cottolene in tins of convenient sizes.

Recipe for BAKING POWDER BISCUIT

Into two cups of sifted pastry flour sift and mix one level teaspoon salt and two rounded teaspoons baking powder; chop in one level tablespoon chilled Cottolene. Wet to stiff dough with $\frac{3}{4}$ cup half water and half milk.

Rolled $\frac{3}{4}$ inch thick and cut with 2-inch biscuit cutter this recipe will make about a dozen biscuits.

THE H. K. FAIRBANK COMPANY

MEETINGS

A regular meeting of Atlanta chapter, No. 57, O. E. S., will be held in the Masonic temple, corner Cain and Peachtree streets, this evening at 8 o'clock. All qualified members of the order are cordially invited to attend. There will be work in the degrees.

IDAHO WOMAN MADE WELL

Lydia E. Pinkham's Vegetable Compound Did the Work. Nothing like it.

Aberdeen, Idaho.—"Last year I suffered from a weakness with pains in my side and back. A friend asked me to try Lydia E. Pinkham's Vegetable Compound and I did so. After taking one bottle I felt very much better. I have now taken three bottles and feel like a different woman. Lydia E. Pinkham's Vegetable Compound is the best medicine I have ever taken and I can recommend it to all suffering women."—Mrs. Percy Prestidge, Aberdeen, Idaho.

Women who suffer from those distressing ills peculiar to their sex should be convinced by the many genuine and truthful testimonials we are constantly publishing in the newspapers of the ability of Lydia E. Pinkham's Vegetable Compound to restore their health. To know whether Lydia E. Pinkham's Vegetable Compound will help you, try it! For advice write to Lydia E. Pinkham Medicine Co. (confidential), Lynn, Mass. Your letter will be opened, read and answered by a woman and held in strict confidence.

SOCIAL ITEMS

Mrs. Matilda Henderson Wheelock and Mrs. Katherine Dilworth, of Port Wayne, Ind., are visiting Mrs. S. Edgar Hamlett.

On Sunday afternoon Mrs. F. M. Robinson's visiting committee of the First Christian church gave musical at Y. M. C. A. 152, Camp Gordon.

Mrs. Tolleson Kirby, of Newnan, has returned home after a week's visit to her sister, Mrs. George Ramey.

Mr. and Mrs. John Sperow, of Johnson City, Tenn., are the guests of Mr. and Mrs. B. F. Sperow.

Mrs. John Graham, of Marietta, spent yesterday in the city.

Mrs. John Raine has returned from a visit to her mother, Mrs. George Bohan, in Kentucky.

Mrs. Roy Brakeman, who has been the guest of her sisters, the Misses Willford, returned to her home in Birmingham yesterday.

Miss Charlotte Jadin, of Pittsburgh, will arrive Tuesday to be the guest of Miss Mary Brown, and she will be one of the visiting belles at the Halloween ball at the Driving club. Miss Jadin is the daughter of Colonel Jadin, who now with the United States expeditionary force in France.

Dr. and Mrs. T. P. Hingan will return Tuesday from New York.

Miss Florida Ferrell left yesterday to visit friends in Savannah.

Mrs. Cary Baker has returned from a visit to Mrs. Whit Collier in Birmingham.

Miss Lalah Adams, of Savannah, is the guest of Mrs. Cam Dorsey.

Miss Janet Cowan, of Washington, D. C., and Miss Margaret Brice, of Knoxville, will be among the charming out-of-town guests who will attend the Halloween ball at the Driving club, evening at the Piedmont Driving club.

Dr. and Mrs. W. S. Goldsmith will return Saturday from Chicago.

Mr. Louis Sherfesse, of Greenville, S. C., spent Wednesday in the city.

War-time Bridge.

A war-time card party at the Atlanta Woman's club will be an event of interest this afternoon, when the little frivolity of bridge will have ample excuse in the fact that the proceeds will go to war relief.

Attractive prizes have been donated, and many reservations already made. Admission may be paid at the door, or advance reservations may be made through Mrs. E. M. Boykin, or Mrs. C. W. Boykin.

HOW TO KEEP BABY'S NOSE CLEAN AND GERM-FREE

As young children do not know how to blow their noses, the secretions accumulate, become impure, and irritate, and are often the cause of catarrh of the throat, tonsils, lungs and internal ear tubes and often cause tonsillitis, sore throat, adenoids, pneumonia, earache and sometimes deafness.

The nose and throat specialists are now recommending that the mother or nurse keep the child's nose and throat clean and germ-free by rubbing a little Eucapine salve up the nostrils for a cold, or putting a little of it on the back of the tongue for sore throat and tonsillitis. For croup and deep-seated coughs Eucapine should be rubbed over the throat as well as in the nostrils. This salve is very mild and pleasant so that the children like it and soon learn to call for it by name and use it for themselves when they need it. It contains eucalyptus, the only non-poisonous germicide for catarrh of the nose, also wintergreen, camphor, menthol, pinus sylvestris and refined petrolatum, all of which are cleansing, soothing and healing. Eucapine salve may now be had at any well-stocked drug store or by mail postpaid for twenty-five cents from the Eucapine Chemical Co., Atlanta, Ga., distributors for the south—(adv.)

Ralph Reed, in charge of the event, or any member of the committee.

Mrs. Bun Wylie, Mrs. Claude Fredrick, Mrs. Albert Spalding, Jr., Mrs. Nellie Singleton, Mrs. W. C. Price, Mrs. Smith, Mrs. Carl Hutchinson, Mrs. J. N. McEachern, Mrs. Colcord, Mrs. Howard McCall, Mrs. Victor Krieger, Mrs. Albert Akers, Mrs. Frank Burr.

Music and Knitting.

The ladies of North Avenue Presbyterian church enjoyed a delightful tea Wednesday at the home of Mrs. William Marion Camp, when knitting kept them busy while they listened to some beautiful music.

Mrs. Jerome Beam sang, Mrs. DeLoos Hill played, and Mrs. Daniel Elliot, soprano, who is a newcomer, her husband, Dr. Elliott, being of the signal corps detailed with the aviation school at Georgia Tech, was cordially welcomed and her singing given a sincere appreciation. Mrs. Elliott is from Baltimore, and her voice has already given great pleasure also to the men of Camp Gordon.

Oglethorpe Board.

The women's board of Oglethorpe university will meet by telephonic conference at the First Presbyterian church, Peachtree street, Dr. J. Spole Lyon will open the meeting.

The library, membership, hospital, entertainment and grounds committees are requested to meet for a few minutes after the general meeting. All those in the city interested in Oglethorpe university are earnestly requested to be present.

SCHOOL BOARD CLEARS \$1,226 ON BOOK SALES

Board Pleased With Success of New Plan, Which Saved Children \$1,500.

A financial report of the sale of school books by the school board of Atlanta was rendered at the board's meeting Thursday afternoon by L. M. Landrum, business manager of the school department, and who had charge of the school book sale.

In round figures \$10,000 worth of school books was handled by the business manager, being sold direct to school children through the medium of teachers. A profit of \$1,226.30 was made for the city of Atlanta, this profit being based upon two estimated bills, not yet received, but which are expected to change the amount of the profit more than a few cents either way.

Just what part of the total sale of school books handled in the city through the book agents and book stores could not be estimated. But school children, who are not charged at the book stores did not trade through the school board, which was a cash proposition. The school board having old books to exchange also did not make their purchases through the school board, as no old books were exchanged.

Considering the accommodation to the public the school board pronounced the school book sale under the Yeomans text-book law a success.

It is estimated that \$1,500 was saved to the school children of the city through the sale of school books, which allowed only 15 per cent profit.

F. Holt was elected head of the department of shops of the Tech High school, to succeed C. A. Deane, who has gone into the industry of the city.

T. E. Henke was chosen associate professor of mathematics at the Tech High school.

Subscribers Urged To Call for Tickets For Concert Series

All those who have subscribed for season tickets to the Civic Concert series and have not yet called for them are urged to get them from the ticket booth at the Cable Piano company. All checks in payment for these tickets should be presented to the man in the ticket booth at that place, rather than mailed to the one through whom the subscription was placed.

A large number of mail orders are being filled for out-of-town patrons, indicating a very large attendance from points out of the city. All mail order subscriptions should be sent to the Atlanta Music Study club, Civic Concert series, in care of the Cable Piano company, with checks made payable to Miss Edith Hall, treasurer.

Local sales are showing a surprising buoyancy. The number of season seats disposed of to date has exceeded the hopes of those who are pushing the sale. Many very fine seats remain unsold, however.

Those who have in mind attending two or three of the concerts should bear in mind that season tickets to all five concerts can be obtained at a price approximately the same as three single tickets. The purchase of season tickets also gives prior choice of location.

The Civic Concert series is strictly a civic proposition, put on by the Music Study club, for the benefit of Atlanta. All proceeds above actual expenses go to the Red Cross work and for civic purposes. No individual shares in the proceeds.

Minister Quits "Local Activities to Go Chase The Foreign Devils"

With his "fighting blood" up a minister strode into the Atlanta marine recruiting office yesterday and announced that he was ready to give up local activity and go chase foreign devils for a spell. He is Rev. George W. Baxter, of Fayetteville, Tenn., a minister in the Methodist Episcopal church, south.

Rev. Mr. Baxter was accepted and will at once go into training.

The following were accepted for enlistment at the different stations yesterday:

In the Army—Harold B. Stephens, Columbus, Ohio; Calvin H. Case, Cedar town; Jordan A. Rebo, Louisville; Charles Williams, Cincinnati, Ohio; Fender R. Day, Louisville.

Sent to Fort McPherson, Ga., for enlistment in war barracks prison guard for duty thereat: George F. Cunningham, Griffin; James W. Cooper, Atlanta.

Sent to Camp Wheeler, Mecon, Ga.—Charles G. Warren, Emphre; Alvin B. Eberhart, Greenville.

In the Navy—Thad A. Comerford, Cypress, Fla.; Clark H. Craft, Elberton, Ga.

In the Marines—Rev. George W. Baxter, Fayetteville, Tenn.; Edna Jordan, Atlanta; Morris C. Adeock, Knoxville, Tenn.

GOODRICH MANAGERS CONVENE IN ATLANTA

The regular quarterly conference of southern branch managers and salesmen of the B. F. Goodrich company took place Tuesday at the offices and salesrooms of the company in this city.

The meeting was presided over by J. B. Cheahire, southern district manager of the company.

W. A. Johnson, of Jackson, Ohio, manager of the automobile department of the B. F. Goodrich company, addressed the conference on salesmanship and good service.

More than forty branch managers and salesmen attended the convention. Probably no more enthusiastic gathering of B. F. Goodrich salesmen was ever held before by the southern branch.

The company also entertained the conference at a noon luncheon held at the Ashley hotel.

MOTHER'S FRIEND FOR Expectant Mothers AT ALL DRUG STORES

ATLANTA WOMEN'S SALES EXCEED \$600,000 THURSDAY

The women of Atlanta again made a splendid record in the sales of Liberty Bonds, and yesterday's sales as far as known were \$614,350—again more than half a million, and one bank and several department stores were not heard from.

The Fourth National bank, with Mrs. George McCarthy, chairman, led the forces with the sale of \$171,300 worth of bonds. Their sales on Liberty Loan day amounted to \$134,250, making a total of \$305,550 for the two days from Mrs. McCarthy's committee. The second best record for the day was made by Miss Marjory Brown's committee, at the Trust Company of Georgia, who sold \$45,600 worth of bonds.

Mrs. William H. Kiser's committee at the Third National bank, composed of Mrs. W. W. Banks and Mrs. Cliff Atchison, came third, with sales amounting to \$75,000.

Through a typographical error, the amount of the sales of Liberty Bonds made by Mrs. Kiser's committee Wednesday was incorrectly stated. Mrs. Kiser's sales were the second largest made during the day by the women and were \$100,200 instead of \$10,200, as published yesterday.

Mrs. Albert Thornton Jr., chairman of the Atlanta National bank, reported sales amounting to \$70,000. Mrs. Ullric Atkinson, at the Central Bank and Trust corporation, reported \$42,500; Mrs. Joseph Ralph, at the Fulton, reported \$22,750, and Mrs. E. H. Ginn, at the Lowry, reported \$5,700.

In addition to these figures, Mrs. L. L. Halle sold \$1,100 at Davison-Paxon-Stokes; Mrs. Henry Johnson, Jr., and Mrs. S. A. Kysor, chairmen, at Chamberlin's, sold \$1,000 and Mrs. Frank Graham, at J. P. Allen's, sold \$750.

Sixty-seven women employed at the Frank B. Block company bought bonds to the amount of \$3,400, according to a message from Brooks Morgan, vice president of the company. One of these bonds, for \$100, was bought and paid for by an English woman, Mrs. Muriel Barkhouse, who has been in the employ of the company for two years, and who is as patriotic an American as she is a "Britisher."

Saturday the downtown district will be in charge of the Joseph Habersham chapter, Daughters of the American Revolution, under the able leadership of Mrs. W. F. Dykes, regent.

Mrs. Preston Arkwright, general chairman of the Red Cross workers, who are helping the Women's Liberty Loan committee, requests all the committees in the department stores to have the people whom they solicit buy bonds to turn in their own subscription blanks to their own respective banks. In other words, it is not the duty of the committees to take charge of these filled-in subscription blanks, but they should be given to the person who signs them to be taken to the banks.

Mrs. Arkwright also requests that the chairmen of the several banks telephoned Mrs. Haynes McFadden, Ivy 495, the result of their sales each day, so that she may have an accurate report to give the papers. When it is the duty of the committees that these returns be made to Mrs. McFadden before 3 o'clock in the afternoon.

The women of Stanton report a sale of \$16,850 of bonds on Liberty Loan day.

The Art of Dressing Well

Genius, someone has described as "the infinite capacity for taking pains."

We only state a fact when we say that we know but one way of doing our work—every little detail must lend itself to the one end—a style of individuality, of good taste.

Hero of Dead Man's Hill Has Relative in Atlanta

William E. Arnaud, the Atlanta attorney, is just in receipt of news from France stating that his cousin, General Maurice Martin, was in command of the division which was successful in taking "Dead Man's Hill" near Verdun, from the Germans last August.

The following day the president of the French republic held a grand review of the victorious troops, at which time the president himself placed around the neck of General Martin the decoration of a commander of the Legion of Honor.

General Martin was already an officer of the legion and had formerly won "la croix de guerre" for bravery in battle.

The youngest brother of General Martin, a captain of sharpshooters, was killed at Noyon in the early part of the war. Two other brothers are colorists, one being stationed in Flanders and the other in Alsace.

"Now you can see why I am strong for Liberty Bonds," said Mr. Arnaud, "and am willing to give time from my practice to speak for them whenever I get a chance."

COUNTY POLICE PRAISED FOR WORK AT THE FAIR

Chief of County Police George Matheson is in receipt of numerous letters from business men and citizens of Atlanta, expressing their appreciation of the splendid efforts put forth by the county policemen in maintaining order during the Southeastern fair at Lakewood.

Although enormous crowds attended the fair throughout the week, there were few accidents recorded, and not an automobile was stolen despite the apparent prevalence of car fields in the district from recent thefts, and hundreds of cars were parked outside the fair grounds daily.

The following men under Captain Cheahire and Lieutenant Jordan represented the county police force during fair week: A. A. Stovall, W. T. Cawthorne, W. A. Wells, V. Hornsby, J. E. Pope, L. W. Allen, J. W. Williams, J. T. Swartz, J. T. Carter, M. L. Baker, L. J. Dickerson, W. A. Riley, J. Davis, J. J. Carroll, J. L. Peacock and A. W. Jackson.

HATS

Many of the New Ones Are to Be Known by Their Fur

MID-WINTER millinery is just one pretty thing after another. We haven't had prettier hats this season, tho, than these new comers with their trimming of mole, beaver, kolinsky, Hudson seal or other fur. These bewitching hats are useful for shopping, afternoon wear; in fact, for practically any occasion.

In addition, we are presenting some beautiful dance hats of gold or silver lace.

They are millinery gems of the first water; but that you would know without our telling you, once you have seen these hats with your own eyes.

Prices: \$10 to \$35

WHAT FROHSIN'S THINK ABOUT LIBERTY BONDS

UNTIL further notice, this firm will accept the first, second or any following issue of Liberty Bonds as payment for merchandise at their face value plus two per cent—namely, a \$50 Liberty Bond will buy \$51 worth of merchandise—a \$100 Bond \$102 worth, etc. We have such unbounded faith in the future of this great country of ours that we consider Liberty Bonds better than cash.

TRENCH TALES
BY LIEUTENANT C. L. JORDAN, U. S. R.
(Somewhere in France.)

THE SAPPER PIONEERS.
(Verses suggested by the Sappers of the British army, as ours haven't had the chance to show "em—but they will.)

You ask me to tell you a story tonight,
A story of times "out there."
Of the shell-lit night and the smoke-dimmed day,
Of the men you love and the game they play,
Of the red-rimmed dawn and the twilight gray,
And the wonderful deeds "out there."

You savvy the Sappers, the pioneers,
With trench dug and to their very ears,
And callouses on their flappers,
The boys with the sand at the head of the band,
Who pilot our way over No Man's Land;
Who bridge all the ruts and burrow the sand.
The jacks of all trades—the Sappers.
If the soldiers retire,
It's "String up the wire—
Just put in a call for the Sappers!"

You know what it's like when you're crossing a swamp
And the ground is all boggy and everything's damp,
And the sky let's loose sudden clappers,
It was much worse out there—a whole week of rals,
The shell craters full—the trench wouldn't drain,
And we had to move forward dry quarters to gain,
So naturally, we yelled for the Sappers.
Oh, the ground was a muck,
And the infantry stuck—
What ter hell could we do without Sappers?

They started up prompt to drain out the wells,
And long with the water 'twas soon raining shells,
And cowardly bullets from tappers:
Yet forward they went—we followed behind,
A scraping what mealy shelter we'd find,
No matter the straining—they seemed not to mind—
Those sons of a gun, the Sappers.
If shelled for a while
They worked harder and smiled—
All grins and much mud—those Sappers!

They helped us across to where we were sent,
Then dropped in behind and cheered as we went,
And gave us a hand with their clappers.
They were muddy and bloody and all shot up when
Dry quarters were gained by most of our men,
They'd started out fifty and ended up ten!
But they'd got what they'd gone for—those Sappers.
No matter the work
They never will shirk,
They're the nerve of the army—those Sappers.

Alone in the night—hip deep in the mire,
They're ducking the shells and stringing the wire,
And freezing the ends of their flappers,
They're building a bomb-proof or digging a mine,
They're helping the fellows all over the line,
They're chock full of jokes, but never a whine—
Those jolly good fellows—the Sappers.
When they're there with the sand
And Nobody's Land
Will treasure its memory of Sappers!

1,000 SOUTHERNERS LEAVE CAMP TODAY
Recent Arrivals From Georgia, Alabama and Tennessee to Leave Gordon Friday.

Camp Gordon's farewell to the last of her original personnel will occur Friday morning when approximately 1,000 men from Georgia, Alabama and Tennessee will be entrained on two special troop trains at the camp. The men will be transferred to the division of their respective states and the national army at Camp Jackson, at Columbia, S. C.

These troops will represent the men who were not in condition to be transferred with the remaining troops of their states some time ago on account of sickness, lack of records and lack of clothing and equipment. In addition there are several hundred men who have reported at the receiving station since the departure of the southern troops.

Approximately 500 men from the states of Georgia and Alabama will be sent to Camp Wheeler, at Macon, and 600 Tennesseans will be transferred to Camp Jackson, at Columbia.

This movement of southern troops will not affect the 500 men who were chosen to form the "skeleton" about which the Eighty-second division has been rebuilt. The latter will remain at Camp Gordon indefinitely as information now at hand indicates.

ARMY Y. M. C. A. MEN TO OPEN CAMP MESS

Army Y. M. C. A. workers at Camp Gordon are at last to have a place of their own to take their meals, and with the announcement that a mess for Y. M. C. A. men exclusively is to be established, considerable satisfaction is being evidenced in all the units.

The mess will be opened for the first time Tuesday and it will be located in the basement of Unit 149. A manager from one of the officers' messes has been obtained to superintend operations of the "Y," eating house, and all of his "boarders" are already enthused at the idea.

The entire equipment for the mess has been supplied by the Atlanta Woman's club, and all that remains to be added is the staff. This will be put on a co-operative system by the men who patronize the mess.

FIELD SIGNAL BATTALION JUST ARRIVED; BEGINS AN ACTIVE COURSE OF TRAINING

Captain W. A. Hewes instructing members of the 307th field signal battalion in the art of semaphore signaling, preliminary to the beginning of operations with portable field radio-wireless sets, with which the battalion will send and receive army messages. The members of the battalion, who arrived during the past week at Camp Gordon, are specially enlisted men in the government reserve corps. They come from northern and western states and are practically all college men.

Col. Howard E. Perry, Senior at Camp Devens, Accompanies First New Englanders to Gordon

The Men Traveled South in Tourist Sleepers, With Medical and Duty Officers, and a Set-Up Field Bakery in Full Running—What-Clap-pens in a Troop Movement.

Colonel Howard E. Perry, senior colonel in the Seventy-sixth division, national army, at Camp Devens, accompanied the first movement of 1,000 Massachusetts selectmen to Camp Gordon. In addition to Colonel Perry, Lieutenant Colonel John W. Hanner, division surgeon, also came down with the men as medical officer in the event of any sickness or accident en route. The men traveled south in tourist sleepers, and Captain H. W. Holloway, a former national guardsman, who served with the Second Connecticut on the Mexican border, came along as duty officer.

A duty sergeant serves as mentor for the men in each coach. A guard was established and saw that nobody entered or left the train except as ordered. Two hours on and four hours off were the hours of the guard, one on each car platform. Another shift of men was appointed to bring the food from the kitchen car.

Quartermaster Mess Sergeant Bill Allen, of Aiken, S. C., was responsible for the meals. He had two field ranges set in handbills in an express car, and on each were big pans of cooking food, the commissary car men sliced up the beef, peeled onions and fixed all the dishes for cooking. Big pans were used to cook the food for the men. In another car the ton of bread was kept. Fresh milk and other perishable food were picked up en route, bought on quartermaster requisitions. The stops occurred periodically to take on ice water and coal. The first meal, served at noon, consisted of coffee, "weenies" and bread. At the evening meal there was beef stew, bread, jam and coffee.

The soldiers enjoyed the freedom of each car and amused themselves singing, telling stories and playing the various and sundry instruments they brought with them.

On the train the men used their mess kits just the same as if they had been in the field. There were a dozen colored porters aboard each section, and several of these were either from Georgia or thoroughly familiar with Georgia conditions and the men were pretty well acquainted with Georgia conditions before they detrained at Camp Gordon.

Very few of the first contingent from New England had ever been south of New York city and few, indeed, had ever been out of the state of Massachusetts. They were interested in everything they saw, and the men were jovial, likable crowd and as a whole of a high personnel. They are fitting en route into the routine at Camp Gordon, are tickled with the weather and the prospects of spending a winter in the south, and the men were pretty well acquainted with Georgia conditions before they detrained at Camp Gordon.

307th Field Signal Battalion Equipped And Major Hemphill Is in Command

The Three Companies Composed of Volunteers From the West Principally and Most of Them Are College Men—Included Are a Number of Wireless Operators.

Completely uniformed and personally equipped, the 307th Field Signal Battalion, whose members are from the likeliest looking bunch of men at Camp Gordon, is now settled down to hard work and is making fine progress in the preliminaries associated with their real work, that of supplying communications between the different organizations of the army division at the camp and with the other army divisions in the field.

The battalion is now practically complete, so far as enlisted personnel, the men having poured into the camp continually for the past several days. They come to Camp Gordon from a number of northern and western states and the large majority of them are college men. Beloit college, of Beloit, Wis., has particularly large representation among the men.

Three companies are to form the signal battalion, to-wit: the outpost company, composed of approximately 280 men, whose duty it will be to establish lines of communication up to the very trenches; the wire company, which will establish the different radio division headquarters, and with other divisions, and the radio company, which will operate the radio signaling instruments in addition to other duties. Each of the last two companies will be composed of 15 officers.

All the members of the battalion are skilled workers in some line necessary to the operation of radio-wireless outfits, and a large number are wireless operators of no mean ability. They will do their work with a number of portable field sets and will be able to establish communication at any moment and at any place.

In addition to the radio-wireless apparatus, the men will be in charge of communication by telephone between units in near proximity in the field. In this way the men will be required to establish wire lines and temporary stations, and a large number of men are experienced in installing and operating telephone systems.

The men are being drilled and "hiked" along with the remainder of the divisions, and officers state that they are making wonderful progress in the preliminaries associated with their routine work. In addition to becoming proficient in installing and operating the rapidly learning semaphore signaling, which is the rudimentary step in their training.

While the enlisted personnel of the battalion is composed of northern and western troops, the officers are all from the south and connected with the Eighty-second army division. Major H. W. Hemphill, division signal officer, has been placed in charge of the battalion in addition to his other duties. Captain Terry Allen is next in command and associated with him is Captain W. A. Hewes.

TO FILL CAMP GORDON TO ITS FULL CAPACITY

Personnel of Northern Camps, as Far as Practicable, to Be Emptied Into South.

Washington, October 25.—(Special.) Press dispatches from Gettysburg today that troops from that place had been sent to one of the Carolina camps for the winter because of cold weather prevailing there, is a confirmation of a former story sent out from Washington that large numbers of men from northern camps would shortly go south.

In this correspondence it was stated to be the policy of the war department to send the men south, and that most likely most of these would go either to Camp Jackson, at Columbia, or Camp Gordon, at Atlanta.

While particulars could not be obtained here today from war department officials regarding this action, because of the secrecy being maintained regarding the movement of troops from one camp to another, those in a position to know believe that within the very near future as many of the southern camps as are able to take care of this increment will get the bulk of the northern army.

Some of the men may go to the divisional camps, it appears likely that most of the men being shifted from the north to the south will go to one of the national camps and as the Gettysburg men are said to be routed for "Carolina," it is likely that they will go to Columbia, to be followed by others from Camp Gordon.

It is impossible for the men in the extreme northern camps, it is stated, to withstand the cold weather of that section so far as drilling and outdoor maneuvers are concerned.

It is safe to say while only 28,000 selectmen have been ordered to Camp Gordon from the northern camps, which, together with the Signal corps, medical detachments, ambulance corps and the various attachments of regulars and volunteers will run the number up to 30,000 plus the 1,000 officers, it is safe to say that during the month of November camp Gordon will be filled to its capacity of 4,000.

FIRST NEW YORKERS REACH CAMP THURSDAY

The first select arrivals from the states of New York, New Hampshire and Rhode Island put in their appearance at Camp Gordon yesterday afternoon at 5 o'clock on a special troop train from Camp Devens, Mass. A second troop train bearing men from the same camp followed them several hours later.

The New England troops are a fine-looking bunch of selectmen. They are young, robust fellows, and the percentage of foreigners among them is very small.

The men received Thursday are completely uniformed for winter. They have been in training for about five weeks and have every appearance of embryonic fighting men. They will be given an opportunity to demonstrate their physical fitness for the first time at Camp Gordon Friday morning at 7 o'clock, when the entire division will take its weekly hike.

New York and New Hampshire had the largest delegations among the troops arriving. Connecticut and Rhode Island also had a few representatives. The Connecticut, New Hampshire and Rhode Island men come from the large cities of their respective states, while the New York troops are from the northern portion of their home state.

BAN OFF CHAMBLEE? "NO," SAYS COL. ELY

Soldiers Will Not Be Allowed to Trade There Until Improvements Are Made.

During Thursday a rumor was current all over the almost deserted town of Chamblee that the soldiers of Camp Gordon would be allowed to return their patronage this morning, but a statement from military authorities of the camp is directly in contradiction to this report.

The question as to when the soldiers will be allowed to return to Chamblee, stated Colonel Ely in command of the military police, "is not a matter of time, but of improvement. The town is in a state of decay and rather than a menace to Camp Gordon I have no doubt that General Swift will not believe the order will come any time soon, as there is doubtless much room for improvement."

"For the past six days Chamblee has been as vacant and desolate as the celebrated 'Destruction Village,' and merchants are beginning to give up hope and consider moving away. In several instances men have been to the owners of nearby property on the south side of Camp Gordon to secure concessions for operating stores and stands.

The authorities of Chamblee are doing all in their power to rush the proposed improvements in the town in the hope that the patronage of the soldiers can be again secured.

CAMP GORDON BUREAU.
Camp Gordon News Bureau of the Constitution is in the "Y" administration building. Soldiers are invited to visit the Constitution, leave poetry, photographs, etc., and if man-interest stories, etc., and if the Constitution can serve you, command it.

GORDON'S BOND SALES EXCEED ORIGINAL AIM

Campaign Closes and the Big Clocks Haven't Figures Enough for Total.

At midnight the tabulations in the round-up of Liberty Bond sales at Camp Gordon had not been completed, but the indications are the figures will exceed \$450,000, which is \$50,000 and more in excess of the original aim. The Camp Gordon campaign closed yesterday.

For the first time since they were installed at camp about two weeks ago the hands of the two big Liberty clocks on the reservation failed to advance yesterday, due to the failure to indicate an increased total in subscriptions did not mean that the camp has been idle. On the other hand, it meant that hands have traveled completely around the big ten-foot dial and, unable to proceed further, they are pausing in watchful expectation for the big total which will give the entire subscription of the whole camp during the campaign, which was formally closed at noon Thursday.

Following the close of the campaign officials secured the services of three staff sergeants to make a complete check of the work of checking up the individual cash and allotment subscriptions. The work was carried on all night and the final total will be announced Friday.

Captain Trammel Scott and Captain J. K. Partello have directed the campaign for the sale of bonds and they bring good news. They are satisfied with results obtained at the reservation. A conservative estimate of the final total, they state, will amount to more than \$450,000.

The First Provisional regiment, colored, which was at Camp Gordon the second during the entire campaign, for the first time assumed the lead over the 25th Heavy Artillery regiment Thursday afternoon, when officers of the former organization handed over to officials approximately \$50,000 in subscriptions. The lead was a very slight one, however, and the two organizations were ranked close quarters during the entire count.

13,000 MEN AT GORDON TO JOIN "HIKE" TODAY

New England troops from Camp Devens are just in time to take part in what is easily the most interesting event of the week at Camp Gordon, the regular Friday division hike, and this morning, beginning at 7 o'clock and lasting for three hours, they are scheduled to have their first real introduction to the "old red hills of Georgia."

The entire Eighty-second division will be aligned at 7 o'clock and the line of march is to extend for 12 miles over the open country about the reservation. Officials are very much interested in the staying qualities of the men from the east will be given an opportunity to demonstrate the fact that they are real walkers.

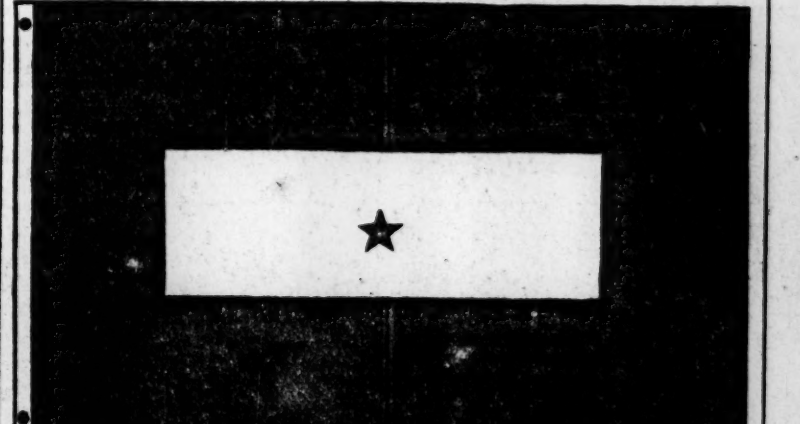

On the return to the camp the line will proceed by division headquarters and General Eben Swift will review the column. Officials stated Thursday that approximately 13,000 men will take part in the hike.

OFFICERS, SOLDIERS! Your Home Folks and Friends Are Interested in You. What You Are Doing.

In no better and in no more economical way can you inform them daily than by sending to them The Daily and Sunday Constitution—one of the south's greatest and most reliable daily newspapers. Sent by mail to any address in the United States, Canada and to the United States army quarters in France for one month, 65c; three months, \$1.95; six months, \$3.75; or twelve months, \$7.50. Address and make all orders payable to THE ATLANTA CONSTITUTION, Atlanta, Ga.

DISPLAY A SERVICE FLAG

To Show a Member of Your Family Is Serving His Country in the Great War. A STAR FOR EVERY SOLDIER.

An Unique Device in Keeping With Loyalty and Patriotism for Our Country

Display the Red Service Flag, with a blue star in center, on the pole with your U. S. Flag. Then everyone will know how many of your household is serving Uncle Sam. Show that your boy is not slacker.

The Service Flag is 23½ feet, and is Red with a White center in which you can have one or more blue stars to show how many boys you have given to the service of Uncle Sam.

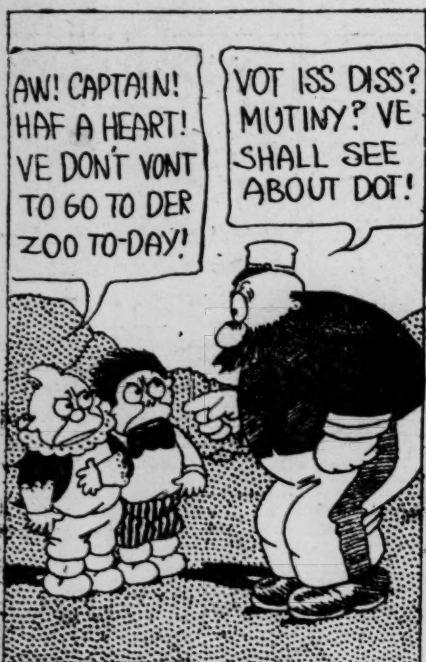

Sent with a year's subscription to The Tri-Weekly Constitution for \$1.50. These flags alone sell for \$1.00.

State how many stars you want on your flag. Address your order and send \$1.50 to The Tri-Weekly Constitution, Atlanta, Ga.

The men received Thursday are completely uniformed for winter. They have been in training for about five weeks and have every appearance of embryonic fighting men. They will be given an opportunity to demonstrate their physical fitness for the first time at Camp Gordon Friday morning at 7 o'clock, when the entire division will take its weekly hike.

SPORTS

THE KATZIES

Edited by
DICK JEMISON

The Zoo Animals Are So Accommodating

ATLANTA FOOTBALL MENU IS FILLED UP

Game for Every Saturday Through December 1 Is Now on Program.

Atlanta football fans will not have a single off day on their menu of games for the remainder of the football season and will be greeted with the best football season in the history of the sport.

Tomorrow Camp Gordon, with its All-Southern stars, will play against Camp Hancock, with its All-Eastern stars.

On November 3 Vanderbilt university will come to Atlanta to do battle with the Golden Tornado, which is enjoying an off day tomorrow.

On November 10 the Yellow Jackets are scheduled to play in New Orleans against Tulane, but this date will be filled by Auburn, who has scheduled Davidson, the fighting little Carolina eleven, for a battle.

November 17 the Carlisle Indians will invade Atlanta with their war whoops and do battle against the Yellow Jackets.

November 24 the Camp Gordon contingent will probably arrange a game with one of the other cantonments.

The annual Tech-Auburn battle, the biggest game of the year, will be the attraction. On the Saturday following the Camp Gordon eleven will probably stage another game that will bring the football season to a close in this city.

RUTGERS WOULD PLAY JACKETS IN GOTHAM

New Jersey College Offers Golden Tornado Thanksgiving Day Date.

Georgia Tech's Golden Tornado has come in for considerable notice throughout other sections of the country, which resulted in an offer to play in New York on Thanksgiving day.

Rutgers college offered Tech the Thanksgiving day date in New York city, but with the Auburn game already scheduled, the Jackets naturally had to turn down the offer, as much as they would like to consider it.

But the significance of this offer means that there will probably be quite a few eastern elevens on Tech's schedule in 1918.

Camp Hancock Team Arrives Here Tonight for Big Game

Eastern Stars on Augusta Cantonment Eleven Will Face Camp Gordon Eleven at Grant Field Saturday. Latter Composed of Former All-Southern Gridiron Stars—Game at 2:30.

PROBABLE LINE-UP
CAMP HANCOCK TEAM
Augusta, Ga., October 25.—(Special.)—The probable line-up of the football team representing Camp Hancock that will play against Camp Gordon at Atlanta Saturday, and the colleges the players played with, as announced tonight, is as follows:
Player and Team Position
Wickham, W. & J. Left End
Whitehill, W. & J. Left Tackle
Alpern, Michigan Left Guard
Foley, Pittsburgh Center
Isaac, Penn State Right Guard
Lee, Kiskadee Right Tackle
Pitts, Pittsburgh Right End
Planigan, Kiskadee Quarterback
Farrell, Kiskadee Fullback
Wilson (not given) Fullback

The Camp Hancock eleven of football stars drawn from ex-All-Eastern players now in the big army city at Augusta will pitch their camp here tonight prior to assaulting the first line trenches of the Camp Gordon defense on the Grant field gridiron Saturday afternoon.

That Atlanta fans are going to see a wonderful football game is certain. The game will be a close one, as the local eleven is formidable and that when the team work is smoothly perfected that it will be a team that will give every eleven in the south as much as it can attend to.

The game Saturday will start at 2:30 o'clock. Tickets are on sale at Jacobs' pharmacy at Five Points.

Starting Line-up.
The line-up that Camp Gordon used against Oglethorpe on Wednesday was probably the eleven that will be started against Camp Hancock on Saturday, with the changes made as the game progresses.

In Newell, of Auburn at quarter; Cochran, of Mercer, and Mercer of Georgia, at halves, and Collins, of Vanderbilt, at full, an All-Southern line field is shown.

Lewis, of Dartmouth, is playing left guard; Bond, of Pittsburgh, center, and Royal, of Chicago, right tackle.

But after the first few minutes of play, Spear, of Pennsylvania; Thrash, of Georgia; Woodruff, of Georgia; Maddox, of Georgia; Holman, of Mercer; Devant, of V. M. I.; Chester, of Vanderbilt; Cox, of Georgia; Swann, of Mercer; Reynolds, of Georgia, and many others were all given chances and conducted themselves splendidly.

The main trouble of Coach Elway is in choosing his first eleven. He really has two first elevens, and the only way he can possibly handle the situation is to work the men in shifts, each man playing a quarter, resting a quarter and then playing another quarter.

Officials Chosen.
Walter Camp, Jr., son of the famous Yale wizard, has been selected as referee, and Frank Anderson, coach of Oglethorpe university, as umpire. The other officials have not yet been chosen.

Those in charge of the game are expecting a monster crowd to attend the contest, and as the day of the game will be a half holiday at the camp, it is almost certain that the thousands of soldiers who are now stationed there will attend.

Atlanta football fans with whom McWhorter, Woodruff, Newell, Cochran, Thrash, Brown and others were very popular when they played on their college teams will be on hand to root for the boys and to see for

themselves how these stars can "come back."

The weather promises to be ideal for the contest, and with the weather man doing his share, the game will go down in history as one of the greatest football games ever played in this city.

Hancock's Personnel.
The 110th regiment, which is a combination of the "Old Fighting Tenth" and Third regiments, is to be represented by an eleven composed of the cream of the Camp Hancock athletes.

Atlanta football enthusiasts will have opportunity to gaze upon "Rock" Lee, of Kiskadee, who has the reputation of being able to hurl a forward pass farther than any other player in the country. His punting is a sight to behold, for with regularity he punches the pigskin for 70 and 75 yards.

Other noted artists on the list are Whitehill, former star back of the Washington and Jefferson eleven, at the time Washington and Jefferson downed Yale two years in succession. Also, Wickham, end, of Washington and Jefferson; Long, center, of Pitt; Foley, of Carlisle; Murray, back, formerly of Carlisle; McWhorter, back, of Penn State; Pat McManus, of Westminster college; Alpern, who is without a doubt one of the best guards in the country today, formerly of the University of Pittsburgh; Webber, star Geneva back; Farrell, back, formerly of Carlisle; and Planigan, quarter, who was all-Scholastic choice in the state of Pennsylvania last season.

Sutter, one of the best backs that ever trod the beaten grid, Art Wilson, declared last season to be the best man at the fullback position in independent circles.

The squad, 25 strong, will arrive in Atlanta tonight, and will be under the coaching of Major "Joe" Thompson, former University of Pittsburgh player and coach. Captain "Buddy" Allen, former player and coach of the Washington and Jefferson eleven, and Captain "Bull" Jones, of Brown, all-American choice for fullback, the 110th aggregation has been moulded into a smooth-running machine. Lieutenant Walter Camp, Jr., former star back at Yale and son of the famous Yale wizard, is also assisting in rounding the Camp Hancock gridiron into shape.

CLEMSON DEFEATS SOUTH CAROLINA TEAM, 21 TO 13

Columbia, S. C., October 25.—Clemson college defeated the University of South Carolina here today in their annual fall week football game by the score of 21 to 13. The Carolina eleven, which was light and fast, took the lead early in the final period, but Clemson's great superiority in weight finally told on the lighter eleven. Seaborn, of South Carolina, made a 75-yard run for a touchdown.

The line-up.
Clemson Position S. C.
Williams, L. E. Weston
Potts, L. T. Brookings
Glimmer, L. G. Lattimer
Gee, L. G. Lattimer
Lighthizer, R. G. Brown
Hart, R. G. Brown
Wittell, R. T. Hampton
Banks, R. T. Osborne
Banks, R. T. Osborne
Banks, R. T. Osborne
Banks, R. T. Osborne

Score by periods: 7-0, 0-0, 14-13. Summary: Touchdowns, Kay, Wittell, Seaborn; goals from touchdown, Wittell 3, G. Brown. Officials: Referee, Barry Deagerton; umpire, J. H. Deane; head line man, Schmitz (Washington and Jefferson); time keeper, J. H. Deane.

Time of periods, 13 minutes.

Fifty-Nine Saturday, Teddy Roosevelt Still Handy With His Fists

The boxing game, decently conducted, has a few friends, and Colonel Theodore Roosevelt, who will celebrate his fifty-ninth birthday tomorrow, the former president is still handy with his fists. As a youth Colonel Roosevelt was delicate, and at Harvard took up boxing under competent direction and was transformed into an athlete.

His attainments as a boxer are largely due to the instruction he has received in the "manly art" from the late Professor Mike Donovan, for many years instructor in boxing at the New York Athletic club, and long a professional pugilist in the bare-knuckle era of the game. Colonel Roosevelt is also a good wrestler, having taken lessons in the mat game from Billy Muldoon and others.

If the colonel should be forced to defend himself against an attack, however, he wouldn't have to depend on his fists. He knows the Japanese art of Jiu-jitsu from A to Z, having been the pupil of John O'Brien, an American police official in Nagasaki, Japan. He is also an expert in the ancient exercise of single stick, thanks to the instructions of General Leonard Wood.

Boxing, fencing, wrestling and tennis have all played a part in the colonel's training for his political campaigns. Even at the present time he is at a health farm trying to reduce weight, for he knows that the good athlete has no use for a "tummy."

OGLETHORPE WILL NOT PLAY ASHFORD TEAM

Oglethorpe university will not play Ashford college, of North Carolina. A disagreement between the two management resulted in the cancellation of the game. It had been announced for October 27.

THE GREAT BOB

CAPTAIN ROBERT McWHORTER. Former Red and Black star, who will be seen in action as a member of the Camp Gordon eleven at Grant field Saturday.

Budd and Nelson Await Tonight's Gong at Columbia

Everything is in readiness for the boxing card and theatrical performance at the Columbia theatre tonight. The attraction will be featured by a ten-round boxing bout between those who were known as "The Terrible Nelson" and "The Rugged Greek" and Battling Budd, of this city. Both these boys are great fighters, and the bout is expected to be a close one.

Nelson and Budd clashed about a year ago in Chattanooga. That bout ended in a draw after eight slashing rounds of scrapping, and there is no reason to doubt that the coming bout will be just as good as their previous encounter.

Of the two boys Nelson has the greater experience, while Budd is the harder puncher. The bout should develop into quite a slugfest, as both boys fight best when exchanging blows at close quarters.

Besides the main event there will be two four-round bouts on the card. In one of these bouts, Mike Sober, who was whipped by Budd last week, will be a corker for a preliminary scrap. Another four-round bout will open the festive program.

The bouts will be put on in addition to the theatrical show. The tickets will sell for 25 cents, 50 cents and 75 cents, with the ring-side seats selling for 1.00.

Mike Saul will be the third man in the ring when the bouts start. "Happy" Joe Trent is the matchmaker, and J. R. Whelan is the timekeeper. The theatrical show will start as soon as the theatrical show is over.

1908—Frankie Cone defeated Jockey Bennett in six rounds at Oakland.
1912—Ad Wolgast and Freddie Daniels fought a six-round draw at Quincy, Ill.

HOMER GEORGE HERE; PLANS RACING MEET

Trying to Stage Battle of Auto Stars Over the Lakewood Track.

Homer George, now racing promoter and newspaper syndicate worker, arrived in Atlanta yesterday en route from New Orleans to New York. He spent the day working on plans for a big event to be given here during the season, leaving at night for the east.

From the "big city" he will go to San Francisco next week and during the coming few weeks will promote a series of match races between Barney Oldfield and Lewis Chevrolet on the Pacific coast. He plans to return to Atlanta for New Year's.

"We had a tremendously successful race meet in the south the past two weeks, Oldfield and Chevrolet drawing the largest crowd at Birmingham that ever saw any outdoor exhibition. At New Orleans on Sunday the two stars had produced a crowd of their utmost capacity," said Mr. George.

"I am counting on the two drawing larger crowds than ever seen in the far west, as Oldfield has been living in Los Angeles for years, while Chevrolet has never been based on the coast. Racing has never been so popular as now and the matching of the two stars has produced a crowd which has surpassed all expectations."

Atlanta should have another big meet and it has been persuaded the fair association officials to permit me to sell the Lakewood course, I will bring the greatest bunch of stars ever seen in one race here for a world's championship series of events, running two days and culminating with the most sensational exhibition possible to conceive. Along with the racing I will bring a lot of other attractions, upside down 19-year-old girl flyer who will furnish more thrills than amazing stunts.

The date for the Atlanta racing and aviation acrobatics has not been fixed, but plans are under way which may result in a switch of coast dates. Otherwise it seems likely the events will not be given until next spring.

YANKS SIGN HUGGINS TO TWO-YEAR CONTRACT

New York, October 25.—President Jacob Ruppert, of the New York American League team, announced today he had signed Billy Huggins, manager of the St. Louis team, to manage the Yankees under a two-year contract.

Huggins will succeed William Donovan, who has managed the Yankees for the last three seasons. Huggins conducted the St. Louis eleven, president of the St. Louis Nationals, last week, and they were unable to reach terms, so then accepted the offer from the New York club.

Huggins has spent his entire major league career in the National League up to the present. He was purchased by Cincinnati from St. Paul in 1903, and played there until 1910, when he was traded to St. Louis. He was appointed manager of the St. Louis club in 1912 and retired as an active player last season. During his career as manager St. Louis finished third twice, the highest the club had been since 1878.

President Ruppert said Donovan will not be retained in any capacity, although Ruppert paid an eloquent tribute to the former manager, saying his release caused him more grief than anything which has happened during his business career.

Huggins said he had no immediate plans for the club, although he thinks he has the nucleus of a strong team, and expects the club to be well up in the race. He will bring with him Thomas Conner, the former scout of the Cardinals.

Huggins is the ninth manager engaged by the New York Americans since a club was played in New York, the others being: Griffith, Elberfeld, Stallings, Chase, Wolverton, Chance, Peckinpaugh and Donovan.

COMMODORES CHANGE LINE-UP AND SCHEDULE

Nashville, Tenn., October 25.—(Special.)—The Vanderbilt schedule is being shaken up as well as the line-up of the team. Arrangements have just been completed for Auburn to play in Nashville November 17, the week following the game with the University of Alabama.

Then on November 24 the husky team of the Virginia field artillery, stationed at Fort Oglethorpe, will charge the Commodores on Dudley field. This game takes the place of the Carlisle Indian game, which could not be satisfactorily arranged.

Coach McGugin has again made changes in the line-up of the Commodore machine in an effort to develop more speed and power. Captain Adams, who has heretofore been stationed on one flank, has been sent to the fullback position to replace Hendrix.

In all probability the line-up for the game with Howard next Saturday will show some more changes. Conyers has again been placed on one end opposite Hendrix, and if Captain Adams remains in the backfield he will be given a regular berth as one of the flankmen. The Commodores are confident of winning the game with Howard Saturday, but beyond this looks the game with the Georgia Tech Saturday week.

RICK WOODWARD BUYS \$600,000 IN BONDS

Birmingham, Ala., October 27.—A. H. Woodward, owner of the Birmingham Southern league baseball club, today subscribed \$600,000 for Liberty bonds, for the Woodward Iron company interest, it was announced by the Liberty bond campaign committee. This brought the Birmingham total to well over the \$2,000,000 mark.

WHOLE OF WEST IRELAND

ON VERGE OF REBELLION

Seems Impossible to Curb the Sinn Feiners by Pacific Means.

London, October 25.—The seriousness

of the situation in Ireland is insisted upon by a correspondent of The Daily Mail who has been following the Sinn Fein doings for several weeks. He says the whole of west Ireland is on the verge of armed rebellion, and continues:

"The young priests in Professor De Valera's Irish republicans are at a luncheon at the New Kimball cafe Thursday predicted a new era in real estate for the country."

"Five-minute talks were delivered by Forrest Adair, Jonas Ewing, S. W. Foster, Francis Adair, M. E. Foster, Benjamin Watkins and George Brown. Mr. Foster struck the keynote of the meeting when he urged his fellow colleagues to put their shoulders to the wheel and awaken the old 'Atlanta Spirit'."

"The police are now sublimely confident and say that Tuesday's debate in parliament shows plainly the government is afraid of them."

"The correspondent, however, adds that there is no doubt that the Sinn Fein congress, which opens in Dublin today, may result in checking the military Sinn Fein camp in large, it is not omnipotent."

"The police are now sublimely confident and say that Tuesday's debate in parliament shows plainly the government is afraid of them."

"The correspondent, however, adds that there is no doubt that the Sinn Fein congress, which opens in Dublin today, may result in checking the military Sinn Fein camp in large, it is not omnipotent."

WIFE IN GRANDSTAND SEES AVIATOR KILLED

Mobile, Ala., October 25.—O. E. Williams, aviator, died tonight in a hospital from injuries received when he

fell with his airplane this afternoon at the Gulf Coast fair grounds here. Williams had ascended more than 2,000 feet and, in descending in the race track before the crowded grandstand, misjudged the distance to the ground. The machine struck with terrific force and the aviator was hurled from his

seat. His neck was broken by the fall. Williams' wife was in the grandstand and witnessed the accident. Williams was driving an airplane he constructed here last April. He was a graduate of the Curtiss aviation school, and came to Mobile the early part of this year from Michigan.

AMERICA TO LEND 25 STEEL VESSELS FOR USE OF ITALY

Washington, October 25.—The shipping board agreed today to charter to the Italian government approximately 25 American commandeered steel ships of an aggregate of 100,000 dead weight tons, to relieve Italy's shortage of shipping to transport vitally-needed supplies.

This action was announced late today by Chairman Hurley, of the board. Great Britain has been supplying France and Italy with shipping to meet their emergency needs, but cannot continue to do so in view of increasing British requirements.

Italy has strongly represented its great need and she gets five more ships than were allotted to the French government a few days ago. Part of the ships chartered will be old and part new, and some may be taken from those on the way from the Great Lakes to the ocean. They will be used between the United States and Italian ports.

D. F. McClatchey, Jr., Invades Two Meetings And Sells War Bonds

The Boy Scouts have been doing a great work for the sale of the second issue of Liberty bonds in Atlanta ever since the educational and sales campaigns began.

One of the busiest of the scouts has been D. F. McClatchey, Jr., son of Major D. F. McClatchey, secretary of the state senate and of the Georgia Road conservation executive committee.

Scout McClatchey is just 12 years old, but he walked into two meetings of grown-ups Thursday, unannounced, and sold several bonds. The first meeting he invaded was the meeting of the Atlanta committee on training camp activities, which was in session at the Atlanta Chamber of Commerce Thursday morning. He stopped deliberations of the committee and made them a speech on the why's and wherefores of the Liberty bonds, and came out with subscriptions for \$200 worth of bonds. An hour or so later he got \$100 worth of subscriptions in the same manner from the Secretary's club.

And these subscriptions are in addition to the four \$100 bonds he sold to George Moore, the ice cream dealer, Thursday, one \$100 bond for each member of Mr. Moore's family.

BUY LIBERTY BONDS!

Later on, if you wish to buy real estate, the bonds will be good as cash.

In no other way can patriotic impulse accord with good business judgment as in the purchase of Liberty Bonds at this time.

Put a "Holophane" Head- light on That Car of Yours (It Complies With the Law)

People who have Holophane headlights never have trouble with the traffic officers, also, they avoid many accidents that can be attributed to this remarkable new headlight lens.

The Holophane does exactly what you want a headlight to do; it gives you all the light you need for fully 250 feet ahead, as well as on both sides of the road, and it throws no glare, for the searchlight is held down by prisms to a 42-in. height.

Comes in sizes 7 to 10½ inches and sells for \$2.75 to \$4 pair. Let us explain it in person.

Court.

To Luther Mason:
By order of court, you are notified that on
the 24th day of October, 1917, Viola Mason
filed suit against you for divorce, returnable
to the January term of said court.
You are required to appear at the January term
of said court, to be held on the first Mon-
day in January, to answer the plaintiff's
complaint.

Witness the Hon. J. T. Pendleton, Judge
of said court, this October 24, 1917.
ARNOLD BROYLES, Clerk.
ROY LEWIS, Petitioner's Attorney.

GADSDEN, ALA. BAKERY AND CANDY OUTFIT FOR SALE

On November 1, 1917, at 12 m., I will
offer to the highest bidder for cash the
bakery and candy outfit of the Gadsden
Candy and Bakery Company. In addition
to a complete equipment for baking and
making candy there is a five-passenger
Flanders car and one Ford delivery car.
This is a splendid business opening and the
right parties can secure financial backing
here. If the property is removed from
building the attached property will be sold
subject to terms of lease which can be
examined by applying to undersigned. This
property can be bought at from \$5,000 to
10 per cent of its appraised value and long
term lease on present quarters given if de-
sired. Call or write to the undersigned for
information and inspection of property.
This property will be secured from
ALSTON L. GREEN,
Trustee,
or VICTOR VANCE,
Attorney for Trustee in Bankruptcy, Gads-
den Candy and Bakery Company.
Gadsden, Ala.

MORTUARY

ners, and two sons, J. T. and J. J. Arm-
strong. The body is at the residence.

James Wood Haynes.

James Wood Haynes, 39 years old,
died Thursday morning at the residence
in Northside Park. He is survived by
his parents, Mr. and Mrs. M. Haynes;
two sisters, Mrs. Joe Davis and Miss
Florence Haynes; three brothers, G. W.,
C. W. and W. F. Haynes. The body was
removed to the chapel of Harry G. Poole.

Fred Clark, Jr.

Fred Clark, Jr., the 3-year-old son of
Mr. and Mrs. Fred J. Clark, died Wed-
nesday afternoon at the residence, 13
Ponders avenue. He is survived by his
parents, one sister, Miss Prudence
Clark, and his grandparents, Mr. and
Mrs. J. C. Sprayberry and Mr. and
Mrs. W. H. Clark. The body was re-
moved to the chapel of Harry G. Poole.

AMERICAN STEAMER BATTLES SUBMARINE

Continued From First Page.

long to the gun crew and five to the
ship's crew. The steamer was not hit
below the water line, but her cargo
lost during the engagement.
The amount of damage has not been
ascertained.

VESSEL WAS ONE OF LUCKENBACH STEAMERS.

Washington, October 25.—An an-
nouncement by the navy department
late today revealed that the ship
which fought the battle with the sub-
marine was one of the American
Luckenbach steamers and that the
fight occurred on October 19.

According to the navy's advices nine
men were wounded, seven members of
the vessel's crew and two sailors of the
armed guard.

Following is the department's state-
ment:
"The navy department is informed
that the American steamship Lucken-
bach was engaged by an enemy sub-
marine on October 19. The engage-
ment lasted from 7:35 a. m. until 11:40
a. m. and was broken off by the ar-
rival of an American patrol vessel.
The Luckenbach was hit several
times, but no serious damage was done
to the ship. Seven of the crew of the
Luckenbach and two members of the
armed guard were wounded."

MAJ. GEN. JOHN BIDDLE SLATED FOR PROMOTION

Washington, October 25.—Major Gen-
eral John Biddle, assigned to the na-
tional army, was said today to be
today to be the probable assistant
chief of staff to succeed General Blunt,
who became chief upon the retire-
ment of Major General Scott several
weeks ago. Secretary of War Biddle
has been known recently that he had selected
the man for the post, but indicated that
he would not announce the appoint-
ment until the officer arrived in Wash-
ington.

As General Biddle will reach the re-
tirement age on December 31, the nam-
ing of the assistant chief is of par-
ticular interest, since army precedents
makes that officer the successor to
the head of the department upon re-
tirement or return to line duty. Sec-
retary Baker, however, has not always
followed precedent.

After war was declared, General Bid-
dle, then a colonel in the engineer
corps, and superintendent of the mili-
tary academy, was assigned to com-
mand a regiment of engineers organ-
ized for special service. He was
soon afterwards, however, he was
made a brigadier general of the regu-
lar army and later was commissioned
a major general in the national army.

CIVIL POPULATION LEAVING KRONSTADT

Petrograd, October 25.—The evacua-
tion by the civil population of the na-
val base of Kronstadt has begun.

The removal of civilians from Kron-
stadt, the most important Russian na-
val base, probably is a military meas-
ure. The civilian population is mov-
ing from Petrograd, from which the
government also will go to Moscow.
The evacuation of Revel, another im-
portant port on the Gulf of Finland,
was reported last week.

To Complete the Outfit

Shirts : Neckwear : Gloves
Hosiery ! Underwear

We have not allowed one little
detail to escape us in providing
the proper accessories to com-
plete the outfit, for it is these
things which either make or
mar the complete ensemble.

Your Shirt exercises great influence over the cravat, as it does also with the suit, and having it harmonize is one of the important principles. In this we can lend valuable assistance from a stock comprising the season's most acceptable fabrics and colors.

Manhattan Shirts, in soft and stiff cuff styles, embracing wide ranges of beautiful patterns at \$2 to \$10. Our own label shirts, at \$1 to \$8.

Your Gloves are another important feature worthy of consideration and from such celebrated makes as Mark Cross, of London, and Fownes, of England, you have abundant assortments from which to choose.

Your Underwear should be selected with a definite thought in mind as to the conditions under which it is to be worn. The exposure you are subjected to, the place in which you work, all have something to do with the weight and kind. If it is wool you need, we have it; if cotton is better suited we can supply any weight desired. Union Suits or two-piece garments, in sizes for regular or stout men.

Neckwear

There is no end to the variety of beautiful cravats one will see in this superb stock, which embraces every desirable shape and color. In cut-silk scarfs we have many exquisite ranges, at 50c to \$3.00. Of knitted and crocheted cravats there are plain colors and fanciful stripes, at \$1.50 to \$3.50.
